

Brief Bio

Andrej Romanovsky President and CEO

Andrej A. Romanovsky, MD, PhD, FAPS, is a physiologist and neuroscientist with primary expertise in body temperature regulation. In 2019, he left his Professor position at St. Joseph's Hospital (DBA Dignity Health, presently CommonSpirit Health) in Phoenix, Arizona, to work on the development of drugs for disorders of thermoregulation and hot flashes. Dr. Romanovsky helped to found and currently works as an officer, Board member, or consultant for the pharmaceutical startups Zharko Pharma, Inc. (Olympia, WA), Catalina Pharma, Inc. (Tucson, AZ), and Synventa, LLC (Tucson, AZ). His primary affiliation is with Zharko Pharma. Dr. Romanovsky has also consulted to multiple big pharma companies in the USA, Germany, Israel, and Japan. He has published more than 130 articles in peer-reviewed scientific journals. He is the founding Editor-in-Chief of the journal *Temperature* and the Editor of two volumes on *Thermoregulation: From Basic Neuroscience to Clinical Neurology* published by Elsevier within the *Handbook of Clinical Neurology* series in 2018. In 2019, he was elected as a Fellow of the American Physiological Society.
