Dani Donadi

Composer - Producer - Audio Director

Dani Donadi is a classically trained music composer and sound designer originally from Europe. He has been producing music for film, TV, commercials, documentaries, video games and themed parks for the last 20 years.

His style incorporates many genres of music, from classical, jazz to contemporary and ethnic, which makes him ideal candidate for themed attractions and other multimedia projects.

Dani had the opportunity to recently collaborate with Nintendo and compose/produce all the music of the new Universal Studios Japan - Super Nintendo World opening in 2021.
