

i-CMETech 2022

Call for Papers

The 1st International Conference on
Multidisciplinary Engineering Technology

September 6 - 7, 2022
Virtual Conference

All accepted papers will be published in **SCOPUS**
indexed publication

Conference Tracks:

- Energy
- Civil Engineering & Building
- Infrastructure & Environment Management
- Mechanical & Manufacturing
- Electrical & Electronics
- Chemical Engineering
- Biotechnology & Sustainable Materials
- Transportation Engineering
- Occupational, Safety, and Health

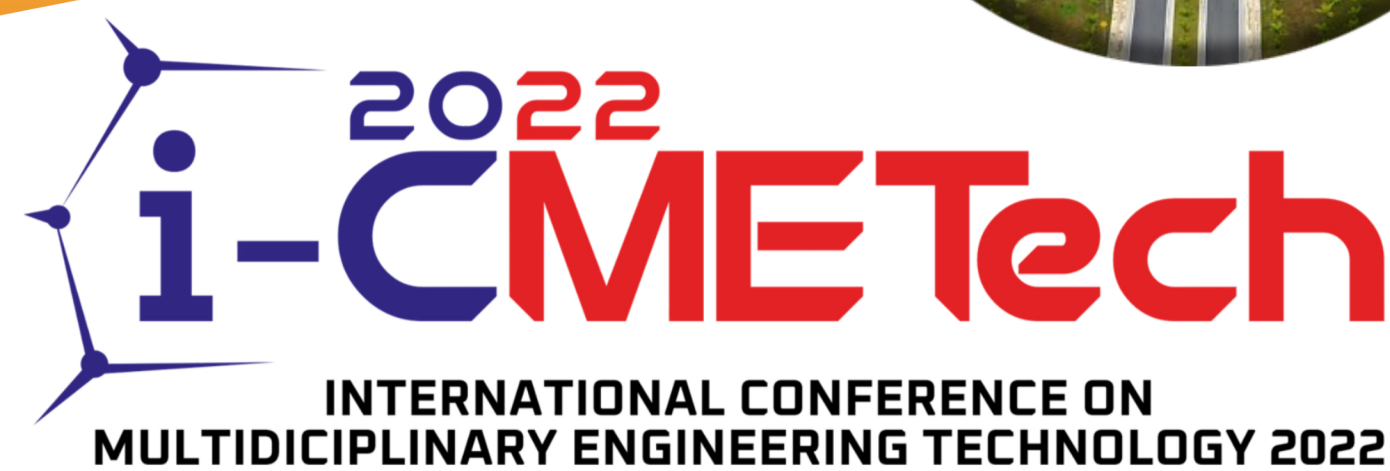

Important Dates:

- Submission of Full Paper : 30 April 2022
- Notification of Acceptance : 31 May 2022
- Submission of Revised Full Paper : 31 May 2022
- Online Registration (Early Bird) : 30 June 2022
- Online Registration (Normal) : 31 July 2022

Registration Fee:

- Presenter (Early Bird Registration) : RM900 (USD240)
- Presenter (Normal Registration) : RM950 (USD250)
- Non-Presenter : RM150 (USD40)

EMBRACING TECHNOLOGY for **SUSTAINABLE DEVELOPMENT**

KEYNOTE SPEAKERS:

Prof. Dr. Eng. Atsushi Koike

The role of engineer in policy decision making
Kobe University
Japan

Ts. Dr. Hairulazwan Hashim

Visualization of supervisory control and
data acquisition (SCADA) in railway application
Universiti Tun Hussein Onn Malaysia
Malaysia

Dr. Eng. Deni Shidqi Khaerudini

The role of innovation and multidisciplinary
collaboration in tackling the global energy
technology toward net zero emission (NZE)
Indonesia Institute of Sciences
Indonesia

Dr. Abdulkareem Muyideen Oladimeji

Biomimickry:
The home to engineering problems
UCSI University
Malaysia
