Annual Newsletter

***CALL TO ACTION!!** The Jimmerson Lake Association knows you enjoy spending time at/living on Jimmerson Lake. We all have a vested interest in making sure we can enjoy the lake not only today, but for generations to come. This is the main reason for having a Lake Association. We are a non-profit, volunteer organization comprised of Jimmerson Lake homeowners dedicated to aid and promote the enhancement of lake resources, land use and safe recreational activities of the lake. This is a huge undertaking for just a few people and continues to get bigger and bigger each year. As a result, we are currently looking for Jimmerson Lake residents who would be willing to donate some of their time by volunteering to help the association! Can you spare some time to pitch in and support this important cause? Many hands make a light work and regardless of your skill set, we could really use your help. We have many options available - some that require more time than others but some that don't require much time at all! As the saying goes, we have something for everyone! Please reach out to any of the officers to find out more!

To fulfill this mission, Board members;

- (1) apply for State and Federal grants to help maintain an environmentally balanced lake;
- (2) ensure our common areas are sprayed for invasive plants;
- (3) test and monitor our lake water for bacteria;
- (4) manage JLA buoys and signs for safe boating;
- (5) update our lake resident database;
- (6) evaluate programs that benefit residents (weed spraying, garbage collection, dredging, etc.);
- (7) have Lane Leaders for all neighborhoods;
- (8) keep our homeowners updated with newsletters and on website.

Please help support JLA by becoming a 2024 member for only **\$50.00**. You must be a member of the JLA to be eligible for the reduced weed spray prices **AS WELL AS** the gas raffle held at our June meeting.

KEEP YOURSELF INFORMED. The Jimmerson Lake Association Board hopes you will attend our meetings held the 2nd Saturday of each month from 8:00a.m. to 9:00a.m. at Pleasant Township Trustee's office meeting room, 2510N 200W (except January, February, March, November and December). Please mark your calendars for the 2024 meetings.

A few reminders for Jimmerson Lake resident:

1. The department of Natural Resources (DNR) requires any changes to the shoreline to be approved by DNR via an approved application. This includes building a “beach” on your property, bringing in sand for said beach or adding sand to the water. It is vital to follow the DNR requirements because adding sand in these ways can cause build ups that negatively impact the water flow of the lake.
2. When placing your personal buoys in the water, remember these should be no more than under 200 feet from the shoreline.
3. **Owners that are using their property as a rental, please provide “lake rules” to your renters, including, but not limited to:**
 - A. **Jimmerson Lake Association courtesy boating rule.** All boating is to travel counter clockwise for the safety of all boaters. (If everyone is going the same way, much safer for all). Whether just taking a ride, skiing, boarding, anything, please go counter clockwise on the lake.
 - B. Boats must stay on the OUTSIDE of the buoys for safety.
 - C. Boats should keep a decent amount of distance from others on the lake.

2024 Jimmerson Lake Association Officers

Tim Knoblauch, President	(260) 833-4056	tknoblauch@ymail.com
Jim Miller, V.P.	(260) 833-9006	jwmiller27@hotmail.com
Ginger Koehlinger, Secretary	(260) 438-2533	ted234ca@aol.com
Jodi Moreland, Treasurer	(260) 312-7471	jodikay82@yahoo.com

2024 JLA Lane Leaders

John Petry, Lane Leader Coordinator - Phone (260) 316-8288

If you have any questions, moved, need to update lake or winter address, info contact your Lane Leader.
Remember we are all volunteers, just wanting to have a great and safe time at Jimmerson Lake.
