COMMITTEES:

Weed Management: Jim Miller reported that our dredging grant application for the Tanglewood/Paradise View area was denied for 2024 by the IN DNR. We were, however, encouraged to apply again in the future when additional funding may be available.

Jim also reported that we would not be receiving a grant from IN DNR for weed spraying of Eurasian Milfoil this year. He stated that this weed has nearly been eradicated from Jimmerson Lake. We will, however, receive two or more applications of weed spraying for Starry Stonewort from a federal grant this year.

Buoys: Our buoy committee reported that most of the buoys and flags have been placed, and all will be installed by Memorial Day.

NEW BUSINESS: Lake resident, Dan Carusso, talked about efforts by state legislators to control wake surfing in shallow water lakes like Jimmerson. There are concerns about its effect on wetlands and shorelines.

Meeting adjourned at 9:15 am
