**Within The Cradle Of Life,  
lives a passion for Live Music.**

From soft instrumental music to easy listening live entertainment, we are sure to compliment any kind of event or occasion.

A man with short dark hair, wearing a dark shirt and a necklace, is seated at a keyboard on a stage. He is looking down at the keys. The stage is bathed in vibrant purple light, with some smoke or haze in the background. A microphone on a stand is positioned in front of him.

This passion is  
expressed through  
the musical  
interpretations of  
**Shamir Peermohamed.**

A magical vocalist, whose love  
for music was discovered at the  
tender age of 6.

With keys and vocals being  
the root of his interpretation...

He has, over the last 20 years, performed both  
as a solo act as well as in a band at numerous events  
around Seychelles, China, South Africa and the UK.
