

May 2020 Mini Tidings

Due to the continued COVID-19 safety recommendations, we anticipate that our online worship experiences will last at least until the end of May (and possibly longer). It has already been decided that there will be no in-person session for our Annual Conference in June, so we intend to "play it by ear," as we all live through this pandemic together. If you have any questions about our future, please let Matt know!
