

# FAVA Rental Ltd: Environmental Policy

FAVA Rental Ltd is committed to running our business with minimal impact on the environment.

We recycle wherever possible and actively look for ways to reduce and eliminate our use of Energy Carbon emissions and waste products.

To date we have taken the following actions:

Office energy supply:

We are committed to using Electricity powered by 100% renewable energy.

Current Supplier: bulb.co.uk

Office lighting. We are in the process of replacing all Office Lighting with LED lighting.

Our office uses natural Linoleum flooring products.

We use Plant based environmentally friendly cleaning products: Currently Ecover.

We have eliminated all single use Plastics in our Operations: Replaced with Glassine Envelopes

We have replaced our ICE Delivery vehicle with an 100% Electric vehicle. Currently Nissan E-NV200 Van. All future vehicles will also be 100% Electric

We have eliminated milk from our Kitchen: Our coffee is powered by Oatly.

FAVA Rental Ltd will continue to evaluate and commit to finding ways to reduce and eliminate waste and emissions

Patric Ralston  
Company Director
