

Dido Doin's

Official Publication of the Dido Cemetery Association April 2021

Dido Day Canceled!

Due to the ongoing pandemic
Dido Day 2021
has been canceled.

A Message from the Chairman of the Board

Hello to all Dido Cemetery Association members. As I write this report our nation is beginning to reopen after the Covid 19 virus shut everything down for a 2020. While we are beginning to reopen, your board of directors thought it was best to postpone Dido Day for one more year. Even though we will not be having a Dido Day 2021 I would encourage everyone to feel free to visit the cemetery on your own throughout the year.

Harold Caldwell has continued the excellent maintenance of our cemetery throughout 2020. Please consider the current condition of our cemetery when you send in your annual donation to Dido.

Since our last newsletter in 2020, Barbie Williams has scanned Shirley Faye Hill & Faye Oats old hand written records to make a digital record of them. We will be reconciling those old records with the current AutoCad drawing of the cemetery. Once that is completed we will publish the updated drawing on the web site.

Teresa Stewart continues to do a good job with the lot sales & burials. Teresa has a lot of responsibilities and she had some severe damage to her home during the winter storm in February so please give her as much notice as possible before requesting her presence in the cemetery.

See you next year on Dido Day 2022!

Sincerely,

Randy Williams

Chairman of the Board
Dido Cemetery Association
