This it's a unique opportunity to collect all four subspecies of Spanish Ibex in one trip. For 10 days, you and your guide will go around Spain to four different areas searching for the Beceite, Gredos, Sierra Nevada and Ronda Ibex. This is an excellent choice for those stalk hunting, who also want to make of their hunting trip and great Spanish holiday with their family, because they will see a big country, different landscapes, cultures, gastronomy, have time to rest in between hunts, get to know 4 different areas of Spain and really get involved in our culture and traditions.
