FISH FOR SAILFISH AND MARLIN IN GUATEMALA

cv

[Click for More Photos](#)

This is the perfect spot for huge Sailfish and Marlin. The boats of this fleet average more than 15 releases per boat, per day. But we've seen as many as 124 releases in a day from a single boat. Anglers have released 57 sailfish on fly (a single day world record!) and 300 sailfish in 3 days of fishing on the same game boat. There's no other area on Earth with this many big fish, and no other lodge that can find them the way we can. When the billfish that this lodge tags and releases are re-caught, data is returned to TBF. CABA, with the help of our anglers, launch satellite tags which provide immediate data to scientists at the University of Miami Rosenstiel School of Marine and Atmospheric Science. We are all working together on responsible conservation practices to ensure the continued health and productivity on our Pacific coast.

You'll return from a strenuous day of fishing to a four-star luxury resort that will help you unwind and reinvigorate you for the next day's adventure. Experience all the comforts you'd expect of any world-class retreat. Enjoy the friendly, laid-back atmosphere of our bar, soak sore muscles in our pool, sample an exotic new dish from our master chef, or just relax in a hammock and take in the beauty of your surroundings.

This Lodge boasts a modern, ten-boat fleet with all the technology and amenities you'd want to make your time on the water more productive,

and more pleasant. Guiding our game boats are top tagging award-winning captains and mates, who know how to raise the big fish, and what to do when you hook one.

The lodge can accommodate 38 anglers. Voltage is 110. Best time of the year: October through June. Weather is tropical and therefore, typically 80°-90° year-round. No immunizations required. No Visa required for American citizens.
