This outfitter tracks on dry land as well as in the snow. His goal is to harvest a 140# or greater Mountain Lion. The outfitter will attempt to tree mountain lion of approximately 140# or greater. At that point, you can either take the treed lion or pass and continue hunting for a larger lion for the remaining days booked. If you take the lion, he's yours even if he doesn't meet the 140# goal. This outfitter also guides for mule deer, elk and bear. He can provide firearms for hunters who wish to avoid traveling with guns. The outfitter is based Southwest Utah but says he can hunt the entire southern end of Utah with permits for Dixie National Forest, Manti La Sal National Forest, Cedar BLM, St. George BLM, Kanab BLM, Grand Staircase-Escalante National Monument, Henry Mountain BLM and the outskirts of Zion National Park. His hunts are not necessarily snow dependent, as he has "dirt" dogs trained to track lions on dry ground. Hunters with the desire and physical capacity for a traditional chase may run behind the dogs. He will pick the best area suited to client's physical abilities and preferences.
