This Professional Hunter and Outfitter vows to offer personalized safaris for the discerning adventurer. That means taking you where you need to go to have the best chance of experiencing the safari that you have always dreamed of. Whether you are looking for a “one -on-one hard grind for that trophy of a lifetime” kind of safari or an energetic and entertaining adventure for your whole family – he’ll be on the ground with you making sure it happens.

Between the Zambezi River and its towering escarpment lies The Zambezi Valley. This wild amphitheater of rugged wilderness that supports a plethora of huntable species from the reclusive Grysbok to 6 of the “Big 7” is where this outfitter

bases his safari operations out of the famed Chewore South Safari Area. Chewore needs little introduction as a prime safari destination. It has everything that a dedicated sportsman could wish for in a free-range hunting concession – and more. This haven encapsulates the aura of a bygone age where every outing from the stylish safari camp is an exploratory adventure into the unknown. Whether in pursuit of your dream buffalo through miles of adrenalizing Jesse bush or a chance encounter with the wily bushbuck on a stroll through the dappled riverine forests, you are sure to have an unforgettable experience in the Zambezi Valley.

To complement the classic safaris in the Zambezi Valley, this outfitter has negotiated rights to hunting in the contrasting forest areas in the Hwange region of Western Zimbabwe. Here he offers premium safaris for the discerning adventurer looking to bag exceptional trophies of the likes of elephant and sable which thrive in the Teak forests and Terminalia woodland that dominate these areas.

This outfitter understand the reservations of some about venturing into the harshness of true Big Game areas as a first-time hunter or someone wishing for their family to experience Africa without the pressures of Big Game hunting. As such they are proud to offer some of the finest plains game hunting in the world

through our association with different operators country-wide bringing you quality and value for money safaris.

An all-important factor in the success of a safari is the accommodation and service that one returns to at the end of a hard days’ toil in Africa. This outfitter, in selecting areas to guide his clients, considers this as important as the quality and variety of species available. All the Big Game safari camps they operate out of are comfortable and well-appointed with the discriminating hunter in mind. Safari-style tented camps with en-suite bathrooms and brick under thatch meet

with even the most discerning of tastes. The 5 camps available to them in the Save Valley Conservancy are geared towards safety and comfort for large safari groups, families and individuals alike. Hearty 3-course meals (including alcohol) and hunting tales around the open-air campfire are part and parcel of each and every safari with this outfitter.
