The Kyrgyz Republic authorities then notify the CITES Secretary and he notifies USFW of your legal request to hunt and export and import your trophy. U.S. clients must personally and in advance, complete [USFW Application Form 3-200-21](#) and mail to U.S. Fish and Wildlife Service Division of Management Authority (DMA) Branch of Permits, MS: IA 5275 Leesburg Pike Falls Church, VA 22041-3803 1-800-358-2104 or 703-358-2104, return receipt requested to arrive on May 1 (not before May 1). The U.S. Fish and wildlife then issues the U.S. CITES Import Permit Form 3-201, normally issued in a minimum of 30 days after May 31 and with many requests averaging between 60-90 days. It is the exclusive responsibility of the hunter to comply with all the U. S. Department of Interior Fish & Wildlife Service laws, requirements and conditions.

Travel: You fly to Bishkek (FRU) via Istanbul (IST) on [Turkish Air](#), Frankfurt or Moscow. It is best to travel through Istanbul because it is more difficult to get firearms through Frankfurt or Moscow. Permanent camps are comfortable, warm and the food is mostly Asian. You will have two guides and will use horses and will normally ride for approximately 2 to 2 ½ hours per day. Rams are not usually very far from camp. Weather permitting, hunters will use tents and stay on top; otherwise, hunters return to the base camp at night. Upon entry into the U.S. with a trophy (at a USW Designated Port ONLY), present to authorities your [Wildlife Declaration Form 3-177](#) (instructions) with 3 copies of the original of USFW CITES Import Permit Form 3-201.
