RUSSIA

Altai Maral (or Altai Wapiti) & Altai Ibex Combination

(Cervus canadensis canadensis) (Capra sibirica sibirica)

Russian Altai is situated in the very centre of Asia at the junction of South Siberian taiga, steppes of Kazakhstan and semi-deserts of Mongolia. The Altai Republic is the territory of highlands with a very picturesque landscape, a kind of "Russian Tibet" in the centre of Eurasia at the junction of several states, natural zones and cultural worlds. Altai Wapiti hunting here can be nicely combined with Altai Ibex, Siberian Roe deer and eventual Wolf.

Hunting Areas	Season	Duration	Weather
