### PROFILE

Well organized and creative with excellent team and client skills. 30+ years of professional audio production, specializing in music. I have engineered thousands of recording sessions, for hundreds of releases including commercials, TV, films, albums, concerts, streams & installations. Analog & digital audio expert.

### CAREER HIGHLIGHTS

#### Independent Recording Engineer / Producer: CA, NY, OR — 1986 - Present

Produced, recorded, edited, mixed, mastered nearly every imaginable type of music project: from full orchestral scores to gold records. I have helped artists of all types create fantastic works from concept to completion.
