FIELDSTONE PHILOSOPHY AND MISSION STATEMENT

Fieldstone Riding Club, located in the beautiful Sunset Valley of Moorpark, is the only place around that services the beginner rider, starting with their first lesson, all the way up through the most advanced riders competing at the Grand Prix level. For over 25 years we have been instrumental in the education of many of today's top professionals as well as current National/State and County competitors. We are working on our next generation of riders and have the privilege of starting many of the children or today's riding superstars.

We believe that horseback riding should be accessible to all people, young and old, wealthy and poor. If you love horses, feel passionate about learning to ride and how to care for horses; then we want you to join us! We reach all ends of the spectrum... Want to compete in IEL for high school? Want to show on our IEA team to try to earn a scholarship to college to participate on a NCAA team? Want to compete on a local level in Tri-Valley or LA County horse shows? Want to go to Thermal? Del Mar National? LA Masters? Want to ride at night after work? We do it all at Fieldstone!

We are an integral part of the Grass Roots section of our industry. We take our responsibility seriously and work very hard to turn out tomorrow's National Competitors. This is a wonderful sport that teaches responsibility, commitment, problem-solving skills, patience, respect and a good work ethic. Whether you ride our school horses once a week for pleasure, or are a serious competitor with a horse of your own, we are committed to teaching you all of the skills necessary to be a successful and well-educated rider.

RIDING SCHOOL
