Dear ,

Operation Santa Claus (OSC) is a non-profit charity that began in 1960, our mission it to provide holiday joy to New Hampshire's disadvantaged youth. OSC collaborates with the Department of Health & Human Services (DHHS). DHHS Social Workers identify children & their families that are known to need extra assistance especially during the holidays. These children's lives are filled with uncertainty, they have limited resources, and sometimes very little family support. Once a year, a child's dream should come true.

To accomplish our mission we need financial help from businesses like yours. We rely heavily on donations and sponsorships. Many businesses, State Agencies, and individuals sponsor children by purchasing gifts based on each child's needs.

How Can You Help?

- **Sponsor a Child\Children:** A sponsor commits to spending a minimum of \$75 on each child (new items only). A sponsor fills out a request form and they are then matched with a child in need. Sponsor forms can be found at www.operationsantanh.org.
- **Donations- Corporate or Individual:** We accept contributions/donations of any amount. Our donor page is on our website as well. If you are able to make a donation of a gift card\certificate for items or services to be part of our fundraising efforts can be mailed to: Operation Santa Claus, 207 North Main Street, Concord NH 03301.

Generosity like yours are always appreciated by the children and their families.

Sincerely,

Heather Wood
OSC Committee Chair
