

# Tulips for Tilly

Tilly Miller hasn't got anything figured out. Feeling insecure as everyone around her confidently chases their futures, the college senior struggles to settle on a plan. But her chaos only increases when a spontaneous smooch with her big brother's best friend ignites a dizzyingly heady chemistry.

Ronin McGuire plays by the rules. Which means not following through on his long-hidden interest in his business partner's bubbly little sister... until she leans in and locks lips. And with his head still swimming from the blissful moment, the logical entrepreneur begs her to spend the summer helping him arrange a special anniversary celebration for his parents.

Discovering the joy of moving at her own pace, Tilly relishes the charming hours she spends in the handsome guy's company while organizing the event. But even as Ronin's quiet gifts show how well he knows the beautiful movie buff, he isn't sure he's ready to brave his co-owner's wrath by making a serious move.

Tulips for Tilly is the adorable fourth book in the In Bloom sweet romance series. If you like impulsive heroines, workplace families, and watching friends fall head over heels, then you'll love Kasey Kennedy's search for belonging.
