

Dorayne Breedlove

Who I Am and What I Do

I have been conducting children's programs and workshops for over 20 years in public and private pre-schools, daycares, libraries, churches, summer camps, parties, special events, etc...

As a professional storyteller and teacher, I combine elements of story, dance, and music into fun and entertaining programs for children that inspire and excite. I recognize children as unique and precious individuals and believe that learning can and should be fun!

I offer a variety of themed programs for kids ranging in age from pre-schoolers through upper elementary. Most are 45 minutes in duration but I can generally adjust durations to fit your schedule. I am also flexible and, if desired, I can usually modify one of my many presentations to fit a current theme or subject that you may be covering at the time.

I recommend audience sizes up to about 75 kids at a time although I can present to larger groups if necessary.

For presentations that I do at your facility, I will need access to the space about one hour prior to the start time in order to get everything set up. I bring my own props, musical instruments, and sound equipment. I use a small PA system and wear a wireless headset so that everyone can clearly hear the program.

Feel free to text or email me if you have any questions. I would love to talk to you and hopefully bring a little piece of magic and joy into your school and the hearts and imaginations of your students !!!

See the next page for a list of programs I that I offer.
