Huggg's got gifting wrapped

Remember last year’s chaos?
Sprawling spreadsheets, stressing over 'the perfect gift' and chasing addresses?

This year, make life simple. Huggg gives you a faff-free way to handle Christmas gifting.

We believe the best gifts are chosen, not assigned. That's why we've curated a collection where every employee finds something they actually want. And that's whether it's a mindfulness journal, fitness watch, bougie olive oil or the classic - a lovely bottle of champers.

It’s thoughtful gifting, without the headache.

This guide will give you an idea of what we have to offer... have a browse, and keep an eye on app.huggg.me - our range is constantly growing.

Have a stress-free festive season,

Team Huggg

Here's how it works

STEP 1

PERSONALISE

Pick the gift category, set a price, add a message and gift wrap

STEP 2

SEND

Send via link in Teams/Slack, or bulk upload email addresses

STEP 3

ENJOY

Recipients pick their gift (no prices shown, no login needed). Sorted!

How can Huggg help?

SAVE DAYS OF ADMIN TIME

No addresses or decision-making needed. Choose a gift category, set a budget, send your links. Sorted! Don't waste weeks on Christmas gifts. Get it done in a few hours.

NO MORE UNWANTED GIFTS

Recipients choose their own gift from a curated range of genuinely excellent gifts, whether your budget is £10 or £100. Everyone gets something they'll actually want and use.

GET AHEAD OF DECEMBER

Browse from September and order from 1 November, so your whole team's gifting is sorted well ahead of the December rush. No last-minute panic, just happy recipients.

SECURE GIFT LINKS ONLY

Gift links are sent from your company email to avoid spam filters. Restrict redemption to your company domain for complete security.

NOTHING GOES MISSING

Our suppliers ship directly with tracking. Since recipients enter their current address, those "never arrived" complaints virtually disappear.

WORKS FOR ALL TEAM SETUPS

Recipients enter their own delivery address wherever they're working - home, office, or visiting family. No outdated spreadsheets needed.

ALL DIETS COVERED

Vegan team members, non-drinkers, allergies - everyone can find suitable options without you tracking everyone's preferences.

YEAR-ROUND VALUE

Beyond seasonal hampers, your team can choose practical gifts they'll use all year - premium coffee machines, skincare, fitness gear, or eco donations.

How does it work?

A Gift with Choice lets your recipient pick something they genuinely want - so your gift actually makes the right impact.

Ideal when you want to offer variety without losing that personal touch. Set the budget (they won't see it!), choose a curated selection of gifts, and let them decide. It's the easiest way to make sure everyone gets something they'll love.

Reactions that warm your inbox

This Christmas, don't just send gifts... see the joy they bring. With Reactions, you get to witness the magic first-hand. Every time someone claims a gift, you'll see their emoji response and any little message they leave behind.

It's more than a thank-you. It's an instant insight into how your festive gifting is landing. From cheerful notes to a flurry of emojis, Reactions help you prove that your thoughtfulness really matters.

And during the busiest season of the year, that's invaluable. It shows you (and your team!) that Huggg is working, spreading joy, building connections, and making sure your Christmas gifts aren't just sent... they're felt.

Experiences

From spa days and afternoon tea to supercar drives and skydives, we do experiences too. They pick the one they'll never forget.

We offer 700+ brands

A gift card is more than a backup plan - it’s the gift that always fits.

It’s thoughtful and flexible at once: you show you know their taste, while letting them pick exactly what they want, when they want it.

From coffee runs and dinners out to big-name stores and days out, there's a card for everyone. Choose from 700+ brands, with new ones added all the time.

Simple to send, but big on feeling. Every one comes with a personal message, delivered digitally.

Branded your way

Two ways to put your brand on it: the experience, or the gift itself.

Add your logo and colours to the whole experience, from the message to the moment they redeem. You can even wrap every gift in your own digital gift wrap, so there's a flash of you before anything's unwrapped.

Or put your brand on the gift itself. We work with makers who'll add your logo to the real thing, from drinkware to notebooks to something sweet. The names below are a taste of who does it.

Either way, it lands differently: a little delight for them, and a lasting impression for you.

Sustainability Spotlight

When you choose gifts through Huggg, you're not just celebrating your people, you're also supporting businesses that care about the planet and society.

Huggg is a carbon neutral company, and we work with many B Corp certified partners to prioritise sustainable options that reduce waste, avoid excess packaging, and use responsible sourcing.

We also champion diversity by spotlighting women-owned and minority-owned businesses, making it simple to choose gifts that reflect your values. And through our partnership with Dots.eco, every gift can create real-world environmental impact, from planting trees to protecting sea turtles, turning moments of appreciation into lasting change.

Don't just take our word for it...

Jocelyne Bath
COO, Mercia Asset Management

mercia asset management

“We used to create what looked like an internal production line - packaging up boxes with ribbons and strings for everyone, which was incredibly time-consuming and still meant everyone got the same thing. With 140 people across 11 offices, the logistics were barely manageable.

Now with Huggg, each person chooses something they want, whether it's a scented candle, headphones, or champagne set. No more worrying about people regifting half a hamper they don't like.

The platform lets us add our Mercia branded e-card and personal message from the executive team, so it still feels thoughtful and personal despite the scale. What surprised us was how it brought people together - staff were chatting about what they'd chosen, comparing selections.

Huggg transformed our Christmas gifting from a logistical headache into something our team looks forward to."

Read how Huggg helped Mercia deliver a delightful Christmas.

Hannah Wilkie
Just Eat

"We have used Huggg for prizes over the past few years and the range of gifts is growing every time we look at the site, especially love all the themed gifts they have for special celebrations throughout the year. We choose to send the link so we just have to upload team members email addresses, so it's really simple to send! We also sent out gift cards to all our 1800 UK employees last year as a Christmas gift.

The gift cards for us were a massive hit, staff could choose one of the many retailers of their choice so everyone was happy, which is great for them and us."

Sarah Beardsworth
Dermalogica

"The whole thing is just so quick and easy but I really love the group send feature. It blew my mind that you can send gifts to entire workforces as quickly as you can to individuals. There's just no way of doing that when sending gifts on your own.

I honestly would recommend Huggg to anyone, it really improved the way we recognise our staff and the result is a happier workforce."
