# Waterford Waterway Management District Chairman's Report July 2025

#### **General Topics**

- Collaborated with fellow WWMD commissioners and past chair Greg Horeth to identify potential individuals to fill the board seat being vacated by Scott Uhler.
  - o Two riparian owners have expressed interest in being considered for the seat
  - Working to complete initial exploratory conversations in July with potential board interviews and a selection in August.
  - o Secured commissioner Uhler's agreement to remain on the board until a successor is selected.
- WPD Water Patrol Update
  - o Met with OIC Mike May and Town Board Police Liaison Andrew Handeland on June 30th
  - o Water Patrol has been out, but with a reduced presence.
  - Hiring efforts continue. However, the candidate pool is weak as the summer season is in full swing. Most qualified officers in the area already have taken positions.
  - o All parties agreed that lack of funding is not an issue to staffing the water patrol at desired levels
  - o Working with the WDNR to augment WPD and add to the number of patrol shifts
  - Mike May outlined opportunities to add water patrol duties to the probation requirements of new road patrol officers
  - o Jet ski patrol referenced in prior meetings with OIC May no longer exists.
  - o Water Patrol activity will be reported in the WPD report-out at Town Board meetings
  - o Agreed to meet regularly during the boating season. Next meeting is July 28<sup>th</sup>.

#### **APM**

- Collaborated with commissioners McCormick and Abendschein in addressing the urgent need to find a new offloading location for aquatic plant harvesting operations
- Supported commissioners McCormick and Abendschein in responding to the dissolved oxygen depletion issue identified in Buena Lake

#### Village of Waterford

- Participated in a July 2<sup>nd</sup> meeting with commissioners McCormick, Schultz, Village President Adam Jaskie, and Village Administrator Zeke Jackson.
  - Presented and discussed the WWMD's proposal outlining a vision for securing and developing the quarry site for the betterment of the waterway and community
  - o Proposal seeks to leverage Monsanto Settlement Funds available through Racine County
  - o Additional board discussion planned for the Previous Business item of the July agenda

#### WWMD Meeting Procedures and Rules of Order Documents

- Reviewed the <u>Meeting Procedures, Policies, Notices, Forms</u> document drafted by commissioner Uhler.
- Distributed this document for review by the full WWMD Board.
- Discussion and possible action at the July meeting

# APM Chairmans Report July 16, 2025 By: Bill McCormick

#### **General Report:**

It's been a tougher than normal summer from a weed harvesting perspective as there seems to be more weeds than what we normally deal with. Combinations of warm water temps (above 90-degree at the surface in some cases), longer days, increased rain and the fact that we were delayed a week in getting the harvesters out on the water due to a permitting issue and that we had to delay our herbicide treatment of the navigation lanes by two weeks due to needing to take a whole waterway P/I survey has all resulted in a larger than normal amount of complaints from riparian's wishing we were doing a better job.

#### **Mechanical Harvesting:**

Just prior to the July 4<sup>th</sup> holiday Tom Greil approached us indicating that he can no longer accept anymore weeds, the harvesting we have done so far, is far exceeding his capacity to keep up with us, in addition Tom utilizes wood chips and mixes them in with our weeds and manure from his cows, his prior sources for wood chips have not been bringing them by and without the wood chips he cannot spread out the weeds onto his fields. I worked to find Tom new sources for chips including the Village, which chips weekly every Monday. Tom also had his skid steer breakdown and its in the shop getting repaired, this is a piece of equipment that he uses to move and mix up our weeds. Lastly unfortunately just before the 4<sup>th</sup> Tom had a bad fall and was in intensive care, he's now home recovering. With all this going on we lost our spot to off load weeds, Alex did a great job putting the word out and riparians such as Greg Horeth and Steve Larry did a great job helping us to find alternative off-loading sites.

We have had some issues with the driver's side right spud anchor on the transfer barge and while their service tech came out to my dock to fix it, further repairs may be needed to replace a hydraulic motor. Our labor guys also worked this past Saturday to take up some slack in one of the conveyors on the transfer barge. It now looks like at the end of the season we may have to have some hydraulic motors replaced on those conveyors.

We are now going around a second or third time on the waterway to widen up all the navigation lanes.

#### **Herbicide treatment:**

Herbicide treatments in navigation lanes with the exception of Buena Lake were completed by June 19<sup>th</sup> and ProcellaCOR was applied to Beuna Lake on June 24<sup>th</sup>.

Sincerely,

Bill McCormick-APM Chair

## 7/16/2025 Treasurer's Report

Prepared on Monday, July 14, 2025 Submitted by Luke Francois

#### **Financial Reports**

Attached are the following financial reports:

#### Fiscal Year 2025

- Profit & Loss vs. Budget Statement Fiscal Year to Date
- Balance Sheet As of meeting date
- Profit & Loss by Month Fiscal Year to Date
- Profit & Loss Detail Fiscal Year to Date
- General Journal Entries Fiscal Year to Date
- Bank Statements and Reconciliation Reports

#### **Old Business**

#### FY26 Budget

An updated draft of the budget is complete and has been shared with all the commissioners. Please review the estimated remaining actual amounts and confirm that they are accurate. We will do a final review and vote in the August meeting.

#### **Budget Timeline**

Mid-June	Initial committee budgets submitted to Treasurer
End of June	First complete draft of budget compiled by Treasurer
July	First Review by Treasurer
August	Final review and approval at 8/21 meeting

#### **New Business**

1. Approval of renewal of post office box in the amount of \$126.

#### Liability, Auto, Inland Marine, and Public Officials Insurance Coverage

I completed the questionnaire for our insurance renewal, which will take effect on 10/1/2023. I plan to renew with the same coverage we had this year with a few changes for the new equipment, see details of our FY23 policy and the changes I am requesting below.

Please review the information and let me know if you have any questions or concerns. I will share the full FY24 policy proposal with you all when I get it, but they don't usually send it until late August and there is not a lot of time to review or discuss before we need to vote on it at the August meeting. I can share the full FY23 policy documents with anyone who is interested or has detailed questions.

#### Government Crime Coverage

The crime policy includes any crime, including internal crimes like embezzlement, up to \$10,000. We also have purchased an additional \$240,000 of coverage on the treasurer position.

#### YOUR ABILITY TO WITHDRAW FUNDS

Our policy is to make funds from your deposits available to you on the next business day that we receive your deposit. Electronic direct deposits will be available on the day we receive the deposit. At that time, you can withdraw the funds in cash and we will use the funds to pay checks that you have written.

For determining the availability of your deposits, every day is a business day, except Saturdays, Sundays, and federal holidays. If you make a deposit before 5:00 p.m. on a business day that we are open, we will consider that day to be the day of your deposit. However, if you make a deposit after the ABOVE mentioned times or on a day we are not open, we will consider that the deposit was made on the next business day we are open.

Please remember that even after we have made funds available to you, and you have withdrawn the funds, you are still responsible for checks you deposit or cash that are returned to us unpaid and for any other problems involving your deposits. If you have any questions, be sure to ask us.

#### LONGER DELAYS MAY APPLY

If you would need the funds from a deposit right away, you should ask us when the funds would be available.

Funds you deposit by check may be delayed under the following circumstances:

- · We believe a check you deposit with us will not be paid.
- You deposited checks totaling more than \$6,725.00 on any one day
- You redeposit a check that has been returned unpaid.
- · You have overdrawn your account repeatedly in the last six
- months.
- There is an emergency, such as failure of communications or computer equipment.

We will notify you if we delay your ability to withdraw funds for any of these reasons, and we will tell you when the funds will be available. They will generally be available no later than the 7th business day after the day of your deposit.

#### SPECIAL RULES FOR NEW ACCOUNTS

If you are a new customer, the following special rules could apply during the first 30 days your account is open.

The first \$6,725.00 from a deposit of U.S. Treasury checks will be available on the same business day of your deposit. The excess over \$6.725.00 will be available on the 7th business

day after the day of your deposit. Funds from wire transfers into your account will be available on the same business day after we receive the transfer. Funds from electronic direct deposits to your account will be available on the day we receive the deposit. Funds from deposits of cash and the first \$6,725.00 of a day's total deposits of cashier's, certified, teller's, travelers, and federal, state and local government checks will be available on the same business day that we receive your deposit if the deposit meets certain conditions. For example, the checks must be payable to you. The excess over \$6,725.00 will be available on the 7th business day after the day of your deposit. If you do not make the deposit in person to a Community State Bank employee, the first \$6,725.00 will not be available until the second business day after the day of your deposit.

Funds from all other check deposits may be available on the 7th business day after the day of your deposit, or later at our discretion.

#### HOLDS ON OTHER FUNDS FOR CHECK CASHING

If we cash a check for you that is drawn on another financial institution, we may withhold the availability of a corresponding amount of funds that are already in your account. Those funds will be available at the time funds from the check we cashed would have been available if you had deposited it.

#### **DEPOSITS AT AUTOMATED TELLER MACHINES**

Funds from any deposits (cash or checks) made at nonproprietary automated teller machines (ATMs) are not permitted. Deposits made at Community State Bank ATMs may not be available until the second business day after the date of deposit.

ATMs that Community State Bank owns or operates that accept deposits are located at:

- 201 W. Main St., Rochester, WI 53167
- 1500 Main St., Union Grove, WI 53182
- 8304 75<sup>th</sup> St., Kenosha, WI 53142

#### **Website Updates:**

Added Lang's Landscaping Supply and Shoreline Cleaning Services to our Pier/Dock/Shoreline management section of the website.

Added "Submit Report" tab to the website. Under that tab you can submit Fishing, Lake Observations and NEW buoy damage/missing report form. This was a recommendation from the ESR committee.

#### **Riparian Owner Communication:**

Contacted by a riparian owner indicating a danger in the waterway near Hilltop. This is a common swimming area. We plan to put divers in the water to confirm if a tree is under the water and a risk to swimmers in this area. Once identified we will place a buoy marker.

Contacted by riparian owners to report of local fish kill in Buena Lake. Information was passed on to APM chair. Worked with the harvesting teams to get photos and collect information for follow-up. No further communication is needed at this time.

Sent out a social media post encouraging local community members to help with weed disposal. Unfortunately, some members of the community took issue with the language in the post. Several meetings took place to offer a letter of apology to those affected and discussed communication strategies moving forward. The committee regrets that any member of the community felt offended by their interpretation of the post and the call to action.

Posted follow-up with the fishing crib project. We were able to place 5 cribs this year. Total amount was less than \$500 for the entire project. Alex met with area Eagle Scout candidate who is interested in putting cribs in as an Eagle Scout project. Alex will work with the scout to complete our goal of having 10 cribs placed this year.

We have fielded many questions and comments on social media over the past month. Each time we are contacted we make sure that the appropriate commissioner is looped in to offer any necessary responses.

# Waterford Waterway Management District Navigation and Hydraulic Management Committee Report 07.14.2025

We are expecting a dredging proposal from Savin Services, in collaboration with Jim Scharl and Wisconsin Lake and Pond within the next 30 days. This proposal was not solicited, rather, Jim approached us as his company is now a sister company to Savin Services. We expect this will be much lower than the \$9.4M+ price that Michels provided. If the proposal comes in at an amount that is palatable, we will either consider this proposal as a board and whether to let our ownership vote on it or to begin moving forward in the direction of drawdown dredging only. I am predictng that drawdown dredging will come at a price tag that is 1/5 that of traditional dredging and therefore we may be able to remove even more sediment.

On Tuesday, June 24 Dan Schultz and I met with Brian Valleskey of Geosyntec Consultants, Inc. here in Waterford to discuss him leading our drawdown project as "the quarterback" and the general contractor/project manager that will get us to the finish line. That meeting and all of the behind the scenes work, they are currently doing is not being invoiced to the WWMD. We've had weekly phone calls since that time and Brian did tell me on July 10 that he feels we should plan for actual dredging to start in 2026, but that we should do a draw down in late fall of 2025. Drawing down the river this fall/winter will give our engineers and contractors the ability to better determine how the drawn-down sediment will react to heavy equipment, determine actual path of the river and remaining water, potentially do a small dredge test project, and to remove hazardous objects from the navigation lanes.

The following Monday after our meeting with the engineer I had a chance to further discuss our drawdown dredging intentions with the DNR Water Regulations and Zoning Specialist Sonya Ponzi. Sonya is the point person at the DNR for dredging applications and is the specialist I began working with earlier this year. I invited her to take a tour of some of the areas that we intend to dredge via kayak with me so that she can see and touch our issues. I believe that building a relationship in person is important, especially given the magnitude of the project and the amount of collaboration that will be required. The conversation was productive over the two hour paddle ride through Buena Lake, Elm Island Bay, and Fowler's Bay. Sonya was sympathetic to our cause and is willing to work with us on draw down dredging, while performing her duties to ensure we are operating within the statutes.

Riparian Gary Hay will be giving a short presentation at the meeting in my absence as we have been testing various types of navigation lights and Gary has spearheaded the effort. Lights must not only be bright enough, but also stay illuminated all night, take a beating, and be visible from all directions when the buoys spin around. We have struggled this year with consistency in those categories from the lights that we have been using for the past few years.

Should a decision be made on a navigation light, please make a motion on my behalf to approve.
