Instructions: Each applicant must submit to the Wisconsin Department of Natural Resources (DNR) an *Authorizing Resolution* that is approved by the governing body of the organization and indicates which officers or employees of the organization are authorized to do the following:

1. Sign and submit the grant application
2. Sign the Agreement/Contract between applicant and the DNR
3. Submit required reports to the DNR to satisfy the Agreement/Contract (See Agreement/Contract for Requirement, if any)
4. Submit reimbursement request(s) to the DNR
5. Sign and submit other required documentation that maybe required for your specific project.

We strongly recommend that the applicant indicates the authorized person(s) by the title of position in the Authorizing Resolution, rather than by the name of the employee or officer. Employees have been known to retire or change jobs in the middle of a project, and, were this to happen, your resolution would be ineffective if it only lists the employee by name. If your organization requires that a person be named in an Authorizing Resolution, then the resolution should also include the title of position and contact information for the named individual.

Note: If applicant is required to submit a draft "intergovernmental agreement (IGA)" along with your agreement, an Authorizing Resolution is not a substitute for an IGA.
