 - v. Legislative – Report attached
 - vi. Special Projects – Report attached
 1. Waukesha Diversion Chart review
 - a. Discussed in Chairmans report
 2. Boaters Downtown Access Pier Project

- a. The main reason only one bid was received and high (\$66,000) for the pier was that the two RFP's that the Village put out had a short project completion time of October 2024. This restricted potential bidders occurred do to most contractors' schedules already booked. The WWMD will re-engage the Village to encourage a new RFP with a longer timeline for project completion, which will likely bring down the cost. Unanimous consent among the commissioners to continue to pursue the project and an additional \$6000 allocated in the FY25 budget which reflects the potential increase in the bidding process
 - 3. Fish ordered for stocking
 - a. Cmr. McCormick placed the order for 2000 walleye, 1000 crappie, 1000 small mouth bass to be delivered in the third week of September.
 - vii. Navigation Access/Hydraulic Management – Report attached

 - a. Town of Waterford
 - i. WWMD updated the Town on APM harvesting status at the last meeting
 - b. Village of Waterford
 - i. Mr. Carl Strasser is not present.
 - c. Fox River Commission
 - i. Cmr. Horn reports requests for grants excede available funds from the FRC. Clearly they have considerable work to do in order to restructure their financial support potential
 - d. C.A.U.S.E.
- 7. Previous Business
- 8. New Business
- 9. Public's opportunity to address the Board
 - a. Tom Mroczkowski
 - i. Concern about potential pier cost overruns, but supportive of the project.
- 10. September's Annual Meeting
 - a. September 28th Lion's Club 8-11am
- 11. Remaining Meetings this year will be third Thursdays 6 pm which follows the schedule that was established at the beginning of the year

APM Chairmans Report

August 21, 2024

By: Bill McCormick

Harvesting:

Our mechanical harvesting operations have been slowed down since late July until around August 15th as we experienced a hydraulic hose line leak that resulted in water getting into the hydraulic tank causing a pump to cavitate. Aquarius had the manufacturer of the pump come out to the waterway and investigate the problem, they recommended that we flush out the oil and remove it and then replace it with new oil. Aquarius wanted to charge us approximately \$3,400 to perform this work in the field, we were able to contact Corey Oil where Aquarius and Inland Lakes purchase their oil and they came out and performed the work while members of our labor crew watched and they did the work for approximately \$2,200.00.

Being down to one harvester for approximately 3-weeks and with a surgency in weed growth late in the season has the harvesting operations behind in many areas. The plan right now is to continue with our weed harvesting until the last week in August where we will coordinate with the transport company to bring the harvesters and barge in for winterization from the respective manufacturers.

Status of EWM:

EWM is returning to Buena Lake, which may require the WWMD board to consider budgeting in 2025 for a ProcellaCore treatment in that area of the waterway as it's been four years since our last treatment and the manufacturer of the product guarantee's the results for approximately three years. The APM Chairman will be consulting with Wisconsin Lakes and Ponds to see if they feel a treatment will be necessary.

August 2024 Committee Reports

Special Projects

1. Fish stocking update – recent communications with the DNR regarding permitting, best practices, timing, species selection and fish survey.
2. Communications/invitations sent by email to all Lake Districts in Jefferson, Milwaukee, Rock, Walworth, Waukesha, Racine and Kenosha Counties. Receiving steady, positive responses. Compiling master list of emails for launch. May have mechanism (Google Group - [SEWLakeNet](#)) to coordinate a communication system that is user-friendly.
3. Continue coordination/transition of water quality testing with DNR.

Legislative

No new lake district developments identified.

Waterford Waterway Management District
Marketing and Education Committee
8.19.2024

Chairperson: Alex Abendschein

Committee Members: Megan Dickenson-Corey, Maureen Vander Sanden, Sami Abendschein, and Patty Schilz

Online Resources: Payment information was updated for our online services. Constant Contact, Zoom, CloudFare, Canva, Microsoft Office 365 and Web.com. This information needed to be updated to reflect the changes to our credit cards and the new Treasurer.

Annual Meeting Newsletter: The annual meeting newsletter is ready to be sent to the printer once we finalize the budget and approve it at our August meeting. Included with this year's newsletter will be a survey of riparian owners about the ways in which they utilize the waterway. The idea behind the survey is to gauge the usage by riparian owners. We would like to use this data to support initiatives in fish habitat management and fish stocking efforts. This will be presented at the annual meeting but allows riparian owners the opportunity to provide feedback ahead of the annual meeting.

Special Project Work: Alex along with Bill McCormick and Scott Uhler have been working on fish habitat management and fish stocking efforts. Alex and Scott visited with the Walworth County Lakes Associations on Saturday, August 17. We met with members of other area lakes to learn more about their fish stocking efforts and to learn how to build DNR approved cribs for fish structure. Alex will be heading up the fish crib project which is set for early spring of 2025. These efforts are important as they support our fishing stocking program.

Motions:

Motion to approve utilizing Constant Contact again for the purpose of communicating with riparian owners. Amount not to exceed \$550 annually.

Motion to approve utilizing Microsoft 365 again for the purpose of commissioner email communication and collaboration. Amount not to exceed \$600 annually.

ESR Report 8/21/24

Good afternoon fellow commissioners,

The ESR Committee has engaged Aldridge to modify and update their proposal to reflect the changes required per the quarry pre-screening results. Aldridge is aware of our upcoming annual meeting and plans to have the updated proposal to the WWMD three weeks in advance of the annual meeting. In the month of July, the ESR chair asked Aldridge to submit a letter to the WWMD with a guarantee that they can sell or, remove without cost, the dried sediment from the quarry each year, to be compliant with DNR requirements. Aldridge in turn asked for a letter of intent from the WWMD. When asked regarding a letter of intent and what might be needed, Commissioner McCormick asked for an updated proposal, hence, the updated proposal request from Aldridge.

We have also been in discussion with local topsoil companies and landscapers to determine if they will haul away our sediment free of charge. Some of the companies are open to the idea provided we can guarantee it be free of broken glass and/or hazardous chemicals. Both Aldridge and Geosyntec believe we can make these guarantees.

Golden Arrow Archery Club continues to have discussions with the WWMD about taking up to 3,000 CY, which Aldridge believes will save the WWMD a great deal in transportation from some of the northern areas.

As it relates to the DNR, Hey and Associates and Geosyntec are planning a meeting with the DNR to discuss the Geotube array in the quarry and dewatering for this site for non-permanent disposal.

Last, the buoy lights have held up well over the summer, and notably - only one light appears to be missing or out.
