Subject: Plan Addendum Approval Letter

Dear Mr. Horeth:

This letter is to serve as notice that the Department of Natural Resources has reviewed the Waterford Waterways Lake Management Plan Addendum for EWM Efforts, received August 17th, 2022. I approve of the document as an Addendum to the 2020 WWMD Comprehensive Management Plan, which serves as the approved guidance document for aquatic plant management and associated activities on the Waterway (Fox River, Buena Lake, Waterford Lake, and Tichigan Lake).

This approval is not an endorsement of the plant management activities that may occur under the appropriate permits, but rather that WWMD has complied with the criteria of Chs. NR 107 and 109, Wis. Admin. Codes. Future permits issued to the District from the Department under Chs. NR 107 and NR 109, Wis. Admin. Code will reference the 2020 Comprehensive Management Plan, and the 2022 Addendum where appropriate.

Sincerely,

Craig Helker
