

March 24, 2023

To our friends and neighbors in Indian Head Park:

On April 4th Indian Head Park will elect a new Mayor. This election comes at an important time for our Village as there are many critical issues that will need to be addressed.

We enthusiastically support and ask for your vote for Amy Jo Wittenberg. Amy will bring strong leadership and comprehensive approaches to address the many important issues facing our community. Some of them include:

Wolf Road Redo

When Amy heard of the catastrophic impact the expansion of Wolf Road would have on the tree canopy and our neighbors' properties, she was instrumental in organizing a cohesive group to analyze the laws, and data, in order to identify alternatives and positive ways to impact this project. Thanks to her leadership, the Cook County Board of Commissioners adopted an amendment allowing for much greater community input into the design of the new Wolf Road.

Under Amy's leadership, the Wolf and Plainfield Roads reconstruction projects will include a qualified and collaborative management team consistent with our residents' preferences and needs.

Amy listens to the community.

Stormwater & Drainage

Amy will tackle the stormwater and drainage issues comprehensively. The piecemeal approach now in place will not resolve the struggles faced by many in our community. Amy's plan includes engaging with specialized consulting and engineering services for practical water management solutions for the entire village. She will partner with local, County and Federal organizations to improve these issues in a coordinated, organized, proactive and timely manner.

Amy has a comprehensive approach to each issue.

Seniors

Amy believes that much more can be offered to the senior citizens in our community. The village already has a senior resource officer, but the role needs to be expanded. For example, Village Hall could be used for senior recreation purposes, such as games, craft days, book club meetings, and more. Guest speakers on issues important to senior citizens can be scheduled. Information on Social services, for those who need them, could also be provided.

Amy is innovative.

Land Use

Not all of our village communities look the same and therefore they may have different needs and wants. Amy proposes a Land Use study which would identify each community's issues to ensure those needs are met.

There are many other concerns that will need to be addressed in the next four years. We believe Amy is up to the challenge and strongly encourage you to vote for Amy Jo Wittenberg by April 4th.

Amy listens, Amy is comprehensive, Amy is innovative.

VOTE BY APRIL 4TH! VOTE FOR AMY JO WITTENBERG FOR MAYOR!

Thank You,

Eileen Murphy Donnersberger
