

# Christmas Prep Reminiscing

Using a whiteboard, ask residents what you need to prepare your house for Christmas.

For example:

- Pulling out Christmas decoration storage tubs
- Putting Christmas tree up and decorating
- Finding Christmas music
- Asking children/grandchildren for Christmas wish lists
- Shopping for Christmas presents
- Christmas pj's
- Garden Christmas decorations,
- Food for Christmas lunch or Christmas Eve dinner etc.

Each family is different with its traditions and this turn out to be quite an extensive list!  
This activity could even span over two activity afternoons.

Take the time to discuss and reminisce with residents as you build your list.
