

THE DAILY CHRONICLE

THURSDAY, APRIL 1, 2021

Although quite popular since the 19th century, the day is not a public holiday in any country (no kidding).

1998 – Burger King published a full-page advertisement in *USA Today* introducing the “Left-Handed Whopper.” All the condiments were rotated 180 degrees for the benefit of left-handed customers. Thousands of customers requested the burger.

2005 – A zoo in Tokyo announced that it had discovered a remarkable new species: a giant penguin called the Tonosama (Lord) penguin. With much fanfare, the bird was revealed to the public. As the cameras rolled, the other penguins lifted their beaks and gazed up at the purported Lord, but then walked away disinterested when he took off his penguin mask and revealed himself to be the zoo director.

Quote of the Day

“That’s what I love about dance. It makes you happy, fully happy.”
