

Winter Craft – Snow Flakes

Stunning snow-flakes to decorate any room. They are so simple and beautiful! Suitable for people who can trace with a pencil and use the scissors.

WINTER CRAFT – Snow Flakes Suitable for people who can trace with a pencil and use the scissors

Object:

- Improve dexterity
- Promote sharing and friendship

Winter Craft – Snow Flakes

Materials:

- Snow Flake patterns (see below)
- Lots of A3 sized white paper
- Scissors
- Pencils
- Poster board or cardboard
- Laminating machine (optional)

Instructions:

1. Fold an A4 sized piece of paper diagonally to form a triangle. Trim leftover portion.
2. Fold triangle in the middle again to form a smaller triangle.
3. Fold small triangle into three equal parts, as per dotted lines in Fig 1. Make this last triangle as neat as possible: A over B and C over A. The result should appear as per Fig 2.
4. Trim the ends in a straight line as per Fig 3.
5. Hold the triangle in one hand and a small sharp pair of scissors in the other. Select a model to copy from (3 provided) and start cutting as per the dotted lines. **Accuracy is not important.** (see photos)
6. When done, unfold the triangle to reveal a beautiful snow flake.
7. Create your own patterns, the sky's the limit!
8. Make dozens of snow flakes and hang them around your facility or stick them on windows
