

# YOUTH CHORAL LEAGUE

Singing Today For Harmony Tomorrow

---

## Wild Roots Fine Arts – Youth Choral League Overview

Wild Roots Fine Arts is launching a new opportunity for youth to express themselves through singing and teamwork. The Youth Choral League (YCL) uses fun, motivating challenges to help participants grow musically and work together effectively.

### Expectations & Practice:

Team members are expected to practice at home each week to meet challenge goals and show consistent progress, even with only one weekly group rehearsal.

### Parental Support:

Parents play a key role by encouraging practice and helping their child manage time. We're here to offer guidance if needed.

### Behavior Standards:

Participants must follow YCL rules, maintain positive behavior, and contribute to a respectful team environment. Coaches are instructors—not disciplinarians. Disruptive behavior may result in removal from the program.

### Character Reference (No Audition Required):

Instead of an audition, a qualified adult (not a close relative) must sign a form confirming the participant's character and commitment, based on prior experience with them in a school, church, or music setting.

We look forward to working with your children and we ask for your patience as we navigate through this first session together.

**Coaches:** Patricia Harrelson, *vocal coach* / Eben Mann, *theory coach* / Alison Moore, *accompanist*
