It's About You!

"You care about your family and your future. You want the freedom to do what you wish in retirement while leaving a legacy for future generations.

You understand that getting information isn't a problem, but getting good advice sometimes is. Life's waters can be rough.

At Safety Bay Financial we can help you plot a course that avoids the shoals and smooths the waves on your financial journey.

Call or email so we can set up a short chat to see if working together makes sense."

Specialized Services Provided

Risk Management

Evaluating your financial risks and identifying strategies to avoid or minimize them is an essential first step.

Insurance Planning

Implementing a strategic insurance plan protects your income and the financial security of those you love.

Retirement Planning

Consolidating your assets and properly integrating them with pensions and government benefits in a tax efficient manner helps ensure a rewarding retirement.
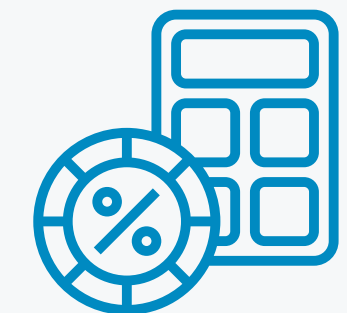

Education Planning

Using government programs can help your child graduate college or university with minimal debt.

Estate Planning & Wills

Facilitates the orderly and tax efficient transfer of assets to your beneficiaries. External referrals may be involved.

Tax Minimization

Tax minimization strategies are required in all stages of financial planning and are integrated with advice from outside specialists.
