Get Your Lion On!!

Lion Anna Wickenhauser
District Governor

I love Minnesota weather! It always keeps us guessing.lol. As I write this month's article, I still see snow piles outside of my window, melting, but still there none the less. My family was scheduled for the 6pm shift at Feed My Starving Children-well the after-

noon and evening shift was canceled due to the snow-storm! Yup, you have to roll with the punches.

I am so grateful at the clubs that have invited me to visit, and the opportunity to still be learning that has been happening to me. A funny example- when you go on the 5M2 website and click on the button for DG Visit Requests and fill out the form, then click submit, I magically thought it would come into my email. Nope, my mistake, but it has been remedied (Thank You Nate Kells).

Did you know that until December 31st, 2020 that there was a new member and new club registration deal going on? All new members and clubs that are in LCI get a waived new member fee of \$35.00 and a waived new club fee of \$35.00? Yes, we still have to pay International, Multiple District and District dues-but a savings of \$35.00- for new members-**What are you waiting for?? You still have 2 months "Get Your Lion On" and Get 'er Done.**

Our next Cabinet Meeting will be November 1st via Zoom and I am gearing up for the Zone Meetings this month via Zoom. Going to be a fun and busy month

We are going forward with our Mid-winter Convention February 12-14th. We met with the Mayo Health Systems Civic Arena in Mankato and I was VERY impressed by their Covid plan. The food will be FANTASTIC, location of event very clean and safe and the Hilton Garden Inn will be our Hotel. More details will be coming out in a Special Addition to the Newsletter in November.

Waconia Hive Lions Club has had their officer elections and now we wait for the approval of their Charter currently being processed at LCI. Thank You Waconia Lions for sponsoring them.

Message From Dr. Jung-Yul Choi; International President

"The coronavirus (COVID-19) pandemic has impacted the work of Lions around the world. In many cases, it has also created financial hardships for our Lions and the people for whom we care.

To support the incredible men and women serving with us, the International Board of Directors has passed a resolution to help our clubs. Here is an overview of the resolution approved by the Board of Directors:

Charter and entrance fees waiver – We have waived all charter and entrance fees from July 1 – December 31, 2020.

These measures will help Lions facing financial hardships, and give our clubs hope, encouragement, and an opportunity to start the new Lion year with renewed energy and optimism. This may be a time of great need, but we will overcome this together. For more than a century, Lions have taken on the greatest challenges facing humanity. That is who we are, and what we do.

So, let us stand together. And let us remember just how important we are to our communities and the world."

Make sure to THANK A VETERAN and have a Fantabulous Thanksgiving.

From My Garden...

Lion Kathleen Bleckeberg
2nd Vice District Governor

By the time you all read this it will be November 1st, 2020.

Summer is over, fall is coming to and end and Winter is coming. Now on to different phase of the year.

Covid has put a wrench into every aspect of our lives. But the world is

still turning, and we need to keep moving with it not in the same way we used to "always did it". We have had to learn how to adjust and adapt and move forward and, in a few instances, readjust and move further down the road. The need to help our communities is becoming greater than ever before.

On August 24th of this year my life changed. I "retired" from the insurance job I had for the last 15 plus years and started a new chapter of my life. I went back to school to become a bookkeeper (what I like to call trying to become less dangerous).

I had to learn how to study again, had to learn more about how my computer works (more than just turning it on and point and click). I had to learn more about Zoom, do homework and tests online. I am still learning how to get my questions worded so my instructors understand what I am trying to ask the first time, so there is less back and forth.

Manage my time better, still trying to balance school, work, Lions and personal time. It is coming, not as quickly as I would like but it is starting to work. There have been a few rough spots and there will be a few more in the next year. But I know I will come out the other end of this with more knowledge about accounting and excel. Looking forward to next semester already.

A few take away from the last couple of months.

- 1) I am not in this alone, John has been with me all the way and has been a huge help and my rock for keeping me grounded and sane.

- 2) This old dog can learn a few new tricks. Not fast but learning
- 3) There is not enough Diet Pepsi in Minnesota to keep me awake.
- 4) There are not enough hours in the day to get everything done.

Why am I telling you all of this?

I guess to try to illustrate that no matter what this life throws at you, planned or unplanned. We must keep moving forward. Not a straight line from point A to B, there may be a few detours along the way, the road will not me smooth. But we will reach point B and move on to point C and on down the alphabet.

How?

- 1) Start meeting again. If not in person or virtually, maybe a couple of people at a time. Or email, call, or snail mail
- 2) Brainstorm and think outside the box to find different ways to have fund raiser and projects. They will not be done in the same way, but the effect is the same or more meaningful
- 3) It does not have to be anything complicated
- 4) Reach out to your District Governor team. That is what we are here for. We are more than willing to help you.

As Charlie Behrends says "Keep er movin"

For the Month of November

Get out and VOTE
Good Luck with Deer hunting

Lions Clubs International
FOUNDATION

Lion Debra Wasserman, 5M2 LCIF Coordinator

As we enter the holiday season: Thanksgiving, Christmas, Hanukah and New Year's, we begin what is usually the busiest and sometimes most stressful times of the year. They are also the times when Lions have some of the most meaningful opportunities to demonstrate our innate caring through acts of service. It can be our chance to feel that wonderful connection with individuals or groups whose needs we are able to meet. It can also be our way of demonstrating gratitude.

What is the difference between thankfulness and gratefulness? Pulling out the dictionary, Thankfulness is defined as "Conscious of benefit received and kindly disposed toward the benefactor." While Gratefulness is defined as "Appreciative of benefits received: willing or anxious to acknowledge or repay or give thanks for benefits.

Gratitude is the action related to thankfulness for the gifts received. Doing service is the visible sign of gratitude. Service opportunities exist at all levels in Lionism.

Service is helping set up the room for a socially distanced meeting, connecting to a Zoom meeting when you aren't quite sure of the technology, welcoming a newcomer, or calling a member you haven't heard from in a while. Activities like food collection and delivery, holiday parties and gift distribution to children, are examples of some of the ways Lions express their impulse to serve. Lions in the western US are currently serving by meeting needs of those whose homes and businesses were devastated by the current wildfires. Our club and personal donations to LCIF make their service possible. I want to express my gratitude to each club and every Lion who made a donation to LCIF during this calendar year.

During the coming holiday season, give yourself a gift. Take the time to participate in a service opportunity with your club, and not only meet someone else's need but also your innate need to feel connected to others.

Minnesota Lions Hearing Foundation News

Your Minnesota Lions Hearing Foundation held its fall meeting on October 10, 2020 in St Cloud. It was a combination in person and virtual meeting.

We had lots to discuss. Top of the list was fund raising.

There are two main fundraisers that benefit the Hearing Foundation. The first one is the Parade of Green at the Mid-Winter Conventions. Every District does this in some form. Mid-Winter convention is a few months away but we would like to see every club donate to the 5M2 Parade of Green to help fund the many projects the Foundation is involved with. We don't know what the 5M2 Mid Winter Convention will be like yet. Will it be in person, virtual or a combination but we all need the fellowship the convention provides. The second fundraiser is the D-Feet Hearing Loss Walk at the Minnesota Landscape Arboretum. The 2021 D-Feet Hearing Walk is scheduled for June 5, 2021, if the Arboretum is open and allows us to hold it. The D-Feet Walk will be very much like it has been in the past years if we can have it in person. If we cannot hold an in person walk, there will be a virtual walk. Plans for that alternative are being worked on. In an effort to get more participation from clubs in the Northern part of the state, we are working on an event to be held farther north, probably in Bemidji.

As your Trustees for the Minnesota Lions Hearing Foundation we want to have every club participate in both of these fundraisers. Funds raised from these events are ear-

marked for different projects at the University Of Minnesota Department Of Otolaryngology. Please support both fundraisers.

Speakers at our meeting were Dr. Bevin Yueh and Dr. Samir Khariwala; they talked about some of the research going on at the University of Minnesota. One of those projects was on Tinnitus or ringing in the ears. Dr. Hubert H. Lim is the doctor that started this research project. (I will make a long story as short as I can.) He proposed that he could eliminate tinnitus with a skin patch. Everyone thought he was crazy to try such an idea and he could not get funding to do this research. Dr. Bevin Yueh asked the Lions to help fund Dr. Lim's research. The Lions supported Dr. Lim's research for about three years with very positive results before larger companies stepped in with more funds to help him. More progress is being made. The best results are not a skin patch but a small patch that is placed on the tongue several times a day. Now Dr. Lim has gotten nationwide attention and is able to get millions of dollars for his research. The Lions of Minnesota may be responsible for a cure for Tinnitus because we supported Dr. Lim and his crazy idea.

As always, we are available for club visits. We want to come and talk to your club about your Minnesota Lions Hearing Foundation. Feel free to contact one of us to visit your club.

Trustees:

Lion Marvin Grimm 1-952-448-9465

Lion Vern Breamer 1-507-525-3850

PROTOCOL PLEASE!!

Is your visit from the District Governor coming up soon? A couple of things to remember:

1. The District Governor should be introduced twice. At the beginning of the meeting, introduce the District Governor and their companion. Before the Governor's presentation, a more formal introduction should be given. When the Governor stands to speak, ALL club members should rise and applaud. When the Governor finishes the presentation, ALL club members rise and show their appreciation with applause.
2. The District Governor should be the ONLY speaker for the evening. The Governor should NOT be limited on time.

Remember: Social distance, wear your mask, wash your hands often, and keep yourself & others safe!!

Lions Mary & Tom Ferleman, Protocol Co-Chairs

MN Lions Childhood Cancer Foundation

Representatives of the MN Lions Childhood Cancer Foundation present a symbolic "big check" to Dr. Kim Sadak and Dr. Luci Turcotte. The \$100,000 raised by Minnesota Lions was matched, dollar for dollar, by the University of Minnesota Foundation and the Children's Cancer Research Fund to make \$300,000 donated to the University of Minnesota Masonic Children's Hospital to fund research and services for survivors of childhood cancer. Presenting the check on behalf of the Foundation were President Jeanine McDonald, Secretary Linda Albrecht, Director Bob Knutson and Treasurer Tom McCarthy.

One of the innovative programs being funded by the Lions is a smart phone app to keep in touch with survivors as they leave the hospital program and move on with their lives. Dr. Karim Sadak, Director, Childhood Cancer Survivor Program at the Masonic Children's Hospital, has stated, "Funds from the Minnesota Lions Childhood Cancer Foundation have made it possible to create a way through mobile health to never let childhood cancer survivors slip through the cracks of the healthcare system."

Be proud, Minnesota Lions!!! Be very proud!

(And, yes, we are all smiling!!!)

The University of Minnesota has developed a crowdfunding page to help partner organizations on Give to the Max Day. The MN Lions Childhood Cancer Foundation has set up a page to Build the App! Check it out on our Facebook page or at I'm supporting University of Minnesota Foundation!

Tidbits from the Past

(taken from past district newsletters)

- Did you know that for many years we paid a subscription to receive the district newsletter to cover the cost of printing. The district budget covered the cost of newsletters sent to each club president and individual members paid a set subscription fee. The fee in 1991 was \$5.00 for a one-year subscription.
- Did you know the Northfield Leo Club, a community-based club, was organized in 2002 under the direction of Lion Alice Nasby?
- Over the years, many meanings for the initials PDG, **p**ast **d**istrict **g**overnors, have been noted such as "power done gone" or permanent dinner guest". PDG Tom Ferleman noted in his July 2002 newsletter, "The Cutting Edge" that **P**ositive **D**istrict **G**uidance will be provided by a **P**ositively **D**ynamic **G**roup". What a great way to look at the wealth of information and experience available from this group!
- On August 5, 2002, Jungle Days was hosted by the Prior Lake Lions at Creeks Bend Golf Course in New Prague. "The Cutting Edge" newsletter reported that 112 Lion golfers and guests participated in the best ball event. First place went to the Lions team from Kiester who turned in a low score of 61 strokes. The Victoria Lions, who scored 62, won second and third place was awarded to the St. Peter Lions who shot a 63.
 - o 2020 was to be the last year for Jungle Days due to declining interest and number of golfers. Due to COVID, the event was cancelled. After 40 years (1979 – 2019), and many, many great stories from the participants, 5M2 Jungle Days became history!

Northfield Loses Long Time Lion

Marvin Grundhoefer, age 93 of Northfield, went to be with the Lord with his family by his side on Thursday morning, October 15, 2020, at Reflections on the Three Links Campus.

Marvin Landy Grundhoefer was born August 19, 1927, in St. Paul, Minnesota, to Landy and Stacia

(Hennen) Grundhoefer. He was raised in Saint Paul where he attended St James School, Cretin High School, St. Thomas College and St. Paul College of Law (now Hamline Mitchell).

Lion Marv was a member of the Northfield Lions for over 65 years. He was an active Lion right up until COVID hit, is a past President, was our Club pianist, was the Northfield Lions Club's only Progressive Melvin Jones Fellow, a past Zone Lion of the Year, two-time Mayor of Northfield, and on and on. I don't think we ever get many Lions with this length of service, or with the diverse wealth of service demonstrated by Lion Marv.

NAMI Newsworthy

(North American Membership Initiative)

With the news of the Covid-19 in the news every day, it is easy to let this pandemic take front and center of our lives. I respect how each of us try to deal with it in our own circumstances. I find great inspiration from the Lion Clubs within our district that have thought outside the box to put a new spin on service projects or fundraisers, while at the same time staying within Covid-19 safety regulations. This is not an easy task! However, clubs are out there fundraising with raffles/silent auctions or curbside pick-up chicken dinners pork chop dinners, turkey commercial dinners, virtually diabetes rallies, selling flower baskets and other ingenious ways to bring in donations. There is a lot of creative thought flowing through 5M2!

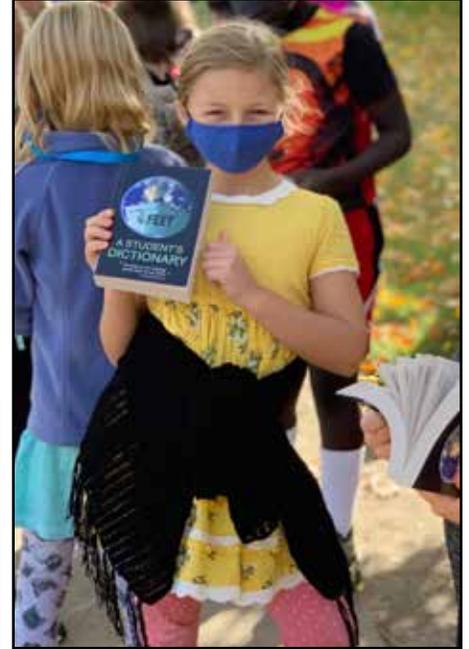

Service projects are still taking place such as the Peace Poster Contest, Dictionary Project, Ditch Clean Up, District-wide Pop Top Collection or Trunk or Treat, just to name a few. With projects going on, it is easy to market your club. To date there have been 17 clubs that inducted a new member. That is fantastic. Keep thinking outside the box and remember to ask someone to join!

Application to become a NAMI club is located on Page 21. We need all of you to continue making 5M2 the best District in the Multiple.

Minnesota Lake Lions Pumpkin Patch. The club invited the K-4 kids at the Maple Rive East Elementary to come to our patch and pick out a pumpkin. We had small pumpkins and some large pumpkins (over 100 lbs). Pumpkins were also given to the two daycare providers in the area for their kids.

Waterville Lions - Honoring Veterans during COVID times

The idea for the Waterville Veterans Memorial started with a suggestion to the Waterville Lions Club as a new project. It was met with overwhelming support from the Club members. Even though the tickets were already printed for our 50/50 raffle we decided that our Lions Club share would be donated to the project.

After a small group of Lions members got together we decided to move the project outside of the Waterville Lions Club and start a Waterville Veterans Memorial as its own 501(c) (3) so that donations to the Memorial would be totally tax deductible. After a very generous donation from the Waterville Lions Club we were able to break ground around the 1st of July, 2019. The weather here in Waterville in the summer of 2019 was really wet. In fact the lawn at my home was under water six times with one of the times lasting over 30 days. Thus the weather hampered our completion of the Memorial.

It was amazing to realize the community response for the project. We not only had the generous donation from the Lions Club but also one from the Sakata Area Foundation and donations from ten other business and community members including the City of Waterville and the US flag pole was donated by the Waterville Fire Department.

In financially planning for the Memorial it was hard to project how many engraved paver requests we would receive. It has been great to see that response also as we already have about double of what I had projected.

We planned our dedication on September 12th which in the State of Minnesota due to COVID19 was limited to 250 people social distancing outside. It drizzled a little in the morning but then we had great weather for it. I had rsvps for about 125 but saw numerous people that came but didn't respond. I'm guessing around 200. It was interesting how well people social distanced. Some rode up in their mobility scooters, golf carts or trikes and parked on the street. Others stood across the street as they could hear the presentations with the PA system. We also, with permission from the City Council, closed the street to the north. The honor guard set up on the basketball court to the south of the Memorial which was about the right distance for the gun salute and taps. The LeSueur County Veterans Service Officer, Mark Roemhildt, did the dedication and the veterans address was done by CW5 Howard Lundin who served 39 years in uniform and 2 other years. He served in Korea, Iraq, Afghanistan, and Kuwait. He also served twice in Washington DC. He was born and raised in Waterville and went to school here. He could tell the personal stories of his classmates that went to Vietnam. He served in Korea during the Vietman War.

It was a terrific turnout. The dedication was better than my wildest dreams of doing that kind of presentation with the COVID 19 guidelines. I have to say that I could not have found a better way to honor our local veterans amid the COVID-19 pandemic.
