WIRELESS/DIGITAL ACCORDION CALLED THE VIVO !

SIWA & FIGLI in Italy have developed a 17 pound Midi Wireless and Reedless accordion system . The Vivo features 600 internal sounds (100 are accordion selections) , 5 separate Sections, Treble Air Valve technology, dynamic bellow air adjustment for left and right sides and 24 Memories for quick recall. The volume, octave and sounds for each section can be adjusted individually. Need to change keys? No problem, the Vivo has the ability to transpose in all keys. Wireless transmission is in the 2.4 MHz with very reliable performance. It works with all Midi modules and with the Ketron brand is has wireless drum functions! Very simple programming and lightweight design with full size keys 41 and 120 bass. Available in black, multiple colors and wood finishes. www.jayfoxband.com/accordions/accordions.html

TWO NEW BATTERY POWERED AMPS FROM YORKVILLE

YORKVILLE EXM MOBILE 8

The EXM Mobile8, a lightweight 3-way battery-powered speaker, provides the perfect solution for the Musician or DJ on the go.

Boasting 5 ½ hours of performance at high levels, the EXM Mobile8 battery-advantage proves you can take your sound anywhere. With an 8-inch woofer and a coaxial mid-range driver/tweeter, the EXM Mobile8 is a true 3-way speaker in a landscape where most battery-

powered compact speakers of this size are 2-way models. The multi-angle geometry offers flexibility to fit any environment.

YORKVILLE EXM MOBILE SUB

The EXM Mobile Sub is the first-ever lithium ion battery powered subwoofer in Pro Audio history. Equipped with two 8-inch woofers, the EXM Mobile Sub delivers tremendous bass for the Musician & DJ on the go. This sub supports mobile & wireless gigs anywhere without comprising the low end. The big sound of the club and concert hall can now be brought to the driveway gig, backyard party, or wedding tent.

THE LATEST KETRON SD-90 MODULE

Ketron's latest module is called the **SD-90**. This module has the latest sounds with a 7" color Touch screen display, 670 GM sounds, 368 preset Voices and 300 Styles to choose from. This unit features the best quality arranger with real Audio drums, bass and guitar voices recorded direct from live musicians onto the drive. New Grand Piano voices, and high quality tonewheel organ and Orchestral sounds have all been added. The keyboard stores all its functions on an internal SSD 16Gig card with no moving parts and has 3 USB host ports and 1 device. With a player that recognizes Wav, Midi, Mp3, Mp4, Avi, Mov, Flv, CdG, Jpg, Txt, Pdf files it is compatible with most every common format on the market.

Like all of the Ketron products, live performance or prerecorded is quick and easy with 4 banks x 1024 Memory banks for Registrations and Function programming and has 4 variations, 4 fills, 4 breaks, 3 Intro and Endings per each style. It includes a Vocalizer with separate output built in, Internal Effects and Karaoke all standard equipment. The keyboard will function also with Accordions in manual or automatic modes, Organ with

pedalboard and guitar mode with Effects through the Input. All the same accessories are still supported by this unit (Foot switches, Volume, Pedalboard, and Sustain) as in the past.

When performing, you can digitally record yourself including your voice and other instruments that you input into the unit on the built in one touch recorder. Songs from famous artists can be downloaded from the internet and parts can be removed from the original recordings on this unique module. Once you listen to Ketron, you'll never want to go back to any other brand.

high quality amps and sound

KEYBOARD SPEAKERS / AMPS

TRAYNOR BLOCK 10

The Traynor Block10 keyboard combo amplifier delivers 200 Watts of clean power into a specially optimized 10-inch speaker/horn combination.

Four input channels allow direct connection to stereo keyboards, laptops, electronic drums, sound modules and microphones, making it the most compact mixer/speaker solution in the Traynor line. A handy link function allows two Block10 amplifiers to be connected for stereo operation with double the input channels.

\$ 649

TRAYNOR BLOCK 12

The Traynor Block12 keyboard combo amplifier delivers 200 Watts of clean power into a specially optimized 12-inch speaker/horn combination.

Four input channels allow direct connection to stereo keyboards, laptops, electronic drums, sound modules and microphones, making it the most compact mixer/speaker solution in the Traynor line. A handy link function allows two Block12 amplifiers to be connected for stereo operation with double the input channels.

\$ 669

TRAYNOR DW 10

The 200-watt ultra-compact DW10 has been designed from the ground up to handle wide dynamic range and transient nature of modern electronic drum kits easily and effectively. Ideal for stage, private practice or rehearsal hall, the Traynor DW10 drum amplifier uses a compact wedge monitor format and a high power low distortion 10-inch woofer and 1-inch compression driver on a PA style horn to deliver maximum tone and clarity.

\$ 625

MIXERS AND AMPLIFIERS

UNPOWERED

**YORKVILLE PASSIVE SERIES VGM14**

Compact Mixer The Yorkville VGM14 delivers the essential features needed in a professional ultra-compact live sound mixer. All metal chassis design, effective fully featured input channel design, high quality 60mm faders throughout, 24-bit digital effects, and break switch make the VGM14 the perfect mixer for live music applications and for small installs. An IEC AC input (no proprietary adaptor or wall-wart required) for ultra reliable mobile operation. USB Audio I/O, additional media inputs, two High Impedance instrument level inputs for acoustic guitars or bass offer maximum connectivity for various audio sources.

\$ 649

POWERED

**M1610 - Mixer/Amp - 2x 800w, 10 Inputs**

The 1600-watt M1610 has two integrated 800-watt power amplifiers that can be assigned as stereo mains, or mono main and mono monitor. Each amplifier is attached to an innovative master EQ section designed specifically for these new mixers.

\$ 1179**YORKVILLE PASSIVE SERIES PGM8**

Compact Mixer The Yorkville PGM8 delivers all of the essential features needed in a professional mixer in a convenient, ultra-compact package. High quality 60mm faders throughout, effective fully featured input channel design, 24-bit digital effects, and break switch make the PGM8 the perfect mixer for live music applications and for small installs.

\$ 420**M810 - Mixer/Amp - 2x 400w, 10 Inputs**

The 800-watt M810 has two integrated 400-watt power amplifiers that can be assigned as stereo mains, or mono main and mono monitor. Each amplifier is attached to an innovative master EQ section designed specifically for these new mixers. The master EQ has a 9-band graphic EQ with additional high and low shelving EQ's at either end of the frequency band.

\$ 1069

BATTERY POWERED LOUDSPEAKERS

**YORKVILLE EXM MOBILE 8**

The EXM Mobile8, a lightweight 3-way battery-powered speaker, provides the perfect solution for the Musician or DJ on the go.

Boasting 5 ½ hours of performance at high levels, the EXM Mobile8 battery-advantage proves you can take your sound anywhere. With an 8-inch woofer and a coaxial mid-range driver/tweeter, the EXM Mobile8 is a true 3-way speaker in a landscape where most battery-powered compact speakers of this size are 2-way models. The 3-way design provides max bass and ultra intelligibility, and the multi-angle geometry offers flexibility to fit any environment.

\$ 719**YORKVILLE EXM MOBILE 12**

Yorkville Sound is thrilled to release the EXM Mobile 12, a lightweight twelve-inch battery powered speaker with a one-inch horn driver. For decades, sound solutions for events in wedding tents, outdoor gigs or non-traditional venues needed to take external power into consideration. The EXM Mobile 12 puts the days of renting power generators for specialty gigs behind us.

\$ 839**YORKVILLE EXM MOBILE**

Yorkville Sound is excited to introduce the EXM-Mobile, our first Canadian designed and manufactured battery-powered PA speaker. Boasting a 5.5 hour runtime at full output power and a standby battery life well in excess of 48 hours, this speaker is capable of getting you through a variety of gigs where AC power is simply not an option. Tipping the scales at just under 20 pounds, the EXM-Mobile uses two high-quality 6.5-inch woofers and a studio monitor quality soft dome tweeter to deliver high-fidelity sound in an ultra-portable package.

\$ 599**YORKVILLE EXM MOBILE SUB**

The EXM Mobile Sub is the first-ever lithium ion battery powered subwoofer in Pro Audio history.

Equipped with two 8-inch woofers, the EXM Mobile Sub delivers tremendous bass for the Musician & DJ on the go. This sub supports mobile & wireless gigs anywhere without comprising the low end. The big sound of the club and concert hall can now be brought to the driveway gig, backyard party, or wedding tent.

Only 30lbs....Easy on the back.**\$ 789**

POWERED PA SPEAKERS

**NX25P-2**

The new NX25P-2 offers the best value in a 12-inch and horn active loudspeaker cabinet. The bi-amped 300-watt (Program) power module has a minimum of controls yet provides maximum versatility making the NX25P the ideal solution for many applications.

Two-band EQ, XLR balanced microphone input as well as balanced combi-jack line input on the power module means the NX25P-2 can be easily connected to any source and quickly EQ balanced for the room. An XLR balanced line output allows multiple cabinets to be linked together for use in an array or for easy distribution around a large room when used as repeater cabinets.

\$ 569

NX55P-2

Yorkville Sound's best selling fully featured flagship active loudspeaker has been redesigned for 2014. A new power amplifier design delivers an earth shattering 1000 watts Program (2000 watts peak for maximum headroom) making it our best performing, most versatile cabinet in the NX Series.

The NX55P-2 enclosure itself has been molded for maximum versatility. The trapezoid box is ideal for mounting in arrays, or for use as a monitor cabinet with well-protected inputs and controls. Designed for maximum versatility, the NX55P-2 can be used in any orientation, including close to walls, floors and in close arrays with multiple cabinets. Particular care was taken designing the components to reduce extraneous heat production.

\$ 929

**NX35-2** *Passive - non-powered*

The **NX35-2** is the next evolution of the molded loudspeaker. Based on its predecessor, the popular NX20, the **NX35-2** incorporates many new features and subtle improvements. For example, the **NX35-2** is slightly larger than the NX20 and that increased cabinet volume greatly increases low frequency output making for balanced overall response with high efficiency. Its deep-excursion 12-inch woofer easily handles 500 watts and is complemented by a smooth, 1-inch compression driver on a custom 80° x 50° ABS waveguide horn similar to those used in the renowned elite loudspeaker line.

\$ 489

PARASOURCE POWERED PA SPEAKERS

**PS10P**

The most compact cabinet in the Parasource Series, the PS10P uses a high efficiency 10-inch woofer (with 2-inch voicecoil) to deliver extreme low end punch from as small a physical cabinet volume as possible. Wide 90° x 70° (H x V) conical horn delivers improved constant directivity and far better midrange response than competitive cabinets in this class.

Designed for maximum versatility, the PS10P works equally well as a Front-of House cabinet, side fill cabinet or floor monitor. Innovative and highly efficient passive cooling scheme ensures the PS10P will operate in any environment without need of noisy internal dust collecting fans. Integrated reinforced flypoints ensure the PS10P can be flown quickly and easily in any fixed installation.

\$ 1049**PS12P**

Designed to be the most versatile cabinet in the Parasource Series, the **PS12P** uses a high power 12-inch woofer (with 3-inch voicecoil) to deliver maximum tone and low frequency response. The focused 85° x 50° (H x V) conical horn delivers improved constant directivity and better midrange response than competitive cabinets in this class. Integrated DSP ensures the PS12P can operate in any application without complex external processing. A simple one-button high pass filter switch rolls off low frequency material when PS12P is used with any Paraline Series or powered élite System subwoofer.

\$ 1179**PS15P**

As the largest cabinet in the Parasource Series, the PS15P delivers maximum bottom end from a high power 15-inch ceramic woofer (with 3-inch voicecoil). A focused 85° x 50° (H x V) conical horn delivers improved constant directivity and better midrange response than competitive cabinets in this class.

Integrated DSP ensures the PS15P can operate in any application without complex external processing. A simple one-button high pass filter switch rolls off low frequency material when PS15P is used with any Paraline Series or powered élite System subwoofer. Bass boost delivers remarkably improved bottom end response from the PS15P without cluttering midrange program or affecting the cabinet's overall intelligibility - making it the perfect small speaker solution for larger events where additional subwoofer support is not available.

\$ 1349

PARASOURCE POWERED SUBWOOFERS

PARASOURCE PS12S

12-inch - 900 watts The 900-watt ultra compact single 12-inch active PS12S bass reflex subwoofer is the ideal companion sub for the PS10P full range loudspeaker system. Solid 15mm birch plywood cabinet construction and an efficient Class-D power amplifier design provide unmatched long-term reliability in the field.

\$ 1289

PARASOURCE PS15S

15-inch - 1000 watts The 1000-watt compact single 15-inch active PS15S bass reflex subwoofer is one of the most versatile compact active subwoofers Yorkville Sound offers. Designed to be the ideal companion to the Parasource PS12P full range loudspeaker, the PS15S actually can be easily integrated in to virtually any small or medium format PA application. Capable of connecting to any audio source (including speaker level input) the PS15S can easily be added to virtually any mobile live sound or installation PA system quickly for added low end support.

\$ 1569

PARALINE POWERED SUBWOOFERS

PARALINE PSA-1S

Dual 12-inch - 1400 watts The 1400-watt dual 12-inch active PSA1S bass reflex subwoofer is the ideal companion sub for the PSA1 full range loudspeaker system. Solid 15mm birch plywood cabinet construction and an integrated all-metal pole-mount adaptor make the PSA1S the perfect platform for stacking PSA1 cabinets in a scalable array system. Compact design, heavy-duty wheels and handles ensure the PSA1S can easily be handled by a single operator for economical system set-up.

\$ 1799

PARALINE PSA-2S

Dual 15-inch - 2400 watts The 4800-watt (peak - 2400 watt program) dual 15-inch active PSA2S bass reflex subwoofer is the ideal companion sub for the PSA1 full range loudspeaker system. Solid 15mm birch plywood cabinet construction and an integrated all-metal pole-mount adaptor make the PSA2S the perfect platform for stacking PSA1 cabinets in a scalable array system.

\$ 2429

PARALINE POWERED SPEAKERS

PSA 1

Yorkville Sound's Paraline Series active full range loudspeaker system delivers the clarity and precision of a complex line array system in a compact, user friendly format. Innovative cabinet design uses Yorkville Sound's proven Paraline high frequency lens technology pioneered in our flagship VTC Elevation Series line array cabinets.

Two BMS 1.75-inch compression drivers mounted to the patented Paraline lens delivers a focused 15-degree vertical dispersion and wide 110 degree horizontal coverage. The 6-inch woofers provide a tight and ultra responsive low frequency program.

Ideal for mobile PA applications in venues where access to complex trussing or roof hangs isn't practical, the Yorkville PSA1 cabinet mounts quickly and securely on a typical speaker stand. Innovative dual position stand mount offers two potential cabinet angles for expanded setup options. Up to two PSA1 cabinets can be stacked safely and securely on a single traditional stand.

\$ 1719

OTHER SPEAKERS

EXM400

The Yorkville Sound Excursion EXM400 Compact PA is a 400 watt, four channel Bluetooth enabled active stereo system built with mobile live sound in mind. Lightweight compact extension speakers, innovative pole-through connectivity and versatile input / mixer functions ensure the EXM400 can easily be used in small solo or duo performances, DJ applications, conferencing and public address functions.

Designed for maximum mobility, the center of the EXM400 is a compact powered subwoofer module with integrated mixer. Two high efficiency satellite speakers and two speaker poles complete the core package. Connectivity between subwoofer / mixer and satellite speakers is handled with innovative pole through conductors, meaning no extra cabling is required.
