

**2024 ANNUAL GI UPDATE**  
**April 20th, 2024**  
**Hyatt Regency Denver Tech Center**  
**7800 East Tufts Avenue**  
**Denver, CO 80237**

January 1st, 2023

On behalf of everyone here at Rocky Mountain Gastroenterology, we would like to cordially invite you to participate as an exhibitor at the **Annual GI Update on Saturday, April 20th, 2024 in Denver, Colorado.**

The Annual GI Update is a very popular conference here in Denver, introduced by our group in 2001 (previously known as the GI Pow Wow) to provide a Gastroenterology & Hepatology update to community primary care providers, specialists, surgeons, as well as medical oncologists and radiologists from throughout the metro area.

With Rocky Mountain Gastroenterology being the largest GI group in the region, we have hosted more than **500 attendees** from our referring practices at the previous three conference events. The event is a **FREE CME-approved function**, and a full one-day educational gathering, with 100% of the exhibitor/sponsorship funding going towards the cost of the conference. The exhibitor area is located outside the conference room area, in the atrium of the hotel.

Rocky Mountain Gastroenterology, which serves as the host of the conference, was formed in 1996 with several locations throughout the Denver metro area. With 26 physicians, 15 Advanced Practice Providers and a Nutritional Counseling program, RMG has grown to become the region's digestive health leader as the largest group in Colorado.

Conference Planner **Angie Mudd** will be coordinating the event, so please contact her directly to accept this invitation. She can also answer any questions you may have regarding the event, location, hotel reservation and additional information. Thank you for considering this invitation to exhibit at our 2024 event.
