What Our Students Are Saying >>>

"My experience with obtaining the CDA credential gave me a better understanding of working with preschoolers 3-5 years of age. I give quite a bit of credit to my instructor Jaina Patten. Any questions or concerns I had Jaina was always helpful in helping me find the answers... Absolutely love the CDA program."

Sherrie N. Agneau, CDA Class of 2025

"When I started working as a housekeeper, I couldn't even afford scrubs. At The Right Turn, I got scrubs, and discovered the GED program. With their support, I earned my GED, moved up to CNA, I am now taking online classes to become a registered nurse. The Right Turn will always hold a special place in my heart."

Maria S., GED Graduate, Class of 2025

"I have dyslexia, and reading has always been hard for me. Kids used to make fun of me, and I hated reading out loud. After a year in Barton, I just finished Level 4 I can read words I never knew before, and I even like to read out loud in class. Barton has helped me so much, and I'm proud of myself."

Barton Student (Anonymous), Level 4

"I come from Vietnam. Burlington English Teacher helped me in the process of learning English. I improved my English a lot. I'm very grateful to The Right Turn for help."

Anh Le, Burlington English

"I never had a good experience with school and dropped out my freshman year. At 16, my mom brought me to The Right Turn. With Brandy's support, I passed my math and science tests quickly, then worked hard on language arts my toughest subject. Brandy made writing fun, explaining and teaching everything in a way that actually made sense! I scored so high I earned a college-ready score! I finished my GED in less than five months! I Plan to attend Mitchell Tech this fall. The Right Turn truly changed my life."

Ty F., GED Graduate, Class of 2025
