Training: Sit, come

My Foster is already: Neutered (Male), Up-to-date on Vaccines, Heart Worm Checked

Does your foster have any special medical needs or surgery needs? No

MORE INFO: Sophie is a very Sweet, very shy 6 1/2-year-old that weighs 27 pounds. She is crate trained, loves her crate, it is her safe place. Sophie is good with other dogs, in fact seems to follow them to learn what she should do. She has never lived in a house, so everything is new to her. She is about 90% house trained if she is put outside every couple of hours. She likes people and is very interested in new people but is still very shy around them. She loves to run outside, and loved to be out when the weather was warm, in the winter she still likes a good run, but not for so long. She walks tentatively on a leash. I have no knowledge about how she is with cats or kids. We have been working on Coming when called and she will readily sit for treats. She is very food motivated!

Sophie has made a lot of progress since being rescued.
