More Info: Sissy is very sweet, social, cuddly and affectionate. She is very bonded with Scooter (MI1039), her foster brother. Sissy is moderately active and the dominant one between herself and Scooter. She recently discovered a spot where the ground is somewhat elevated from a tree root and can jump the cyclone fence at about 3 feet high. Sissy comes when she is called and will sit. She's still working on some of the other training.
