Does your foster have any special medical needs or surgery needs? Hansel has cataracts but no other issues.

MORE INFO: Hansel is a great lap dog. Loves to hang out with foster mom and the best scenario is to be by her side all day long! He has a sister and Bentley (Foster mom's dog) but Hansel is not interested in playing with the. He has a couple of toys he likes to cuddle with when he is relaxing. If he isn't outside in the sun he is usually on a doggie bed with his stuffed animal.

When Hansel was surrendered he was on a grain free kibble. He is a picky eater. Likes a little water to moisten it and he is a late morning feeder.

He has a small dry spot under his collar so Keto-C wipes daily as needed.
