WHY WALK?

The International Men's March To Stop Rape, Sexual Assault & Gender Violence Walk a Mile in Her Shoes® started in 2001 and began by asking men to literally walk one mile in women's high-heeled shoes. It's not easy walking in these shoes, but it's fun and it gets the community to talk about something that's really difficult to talk about: gender relations and men's sexual violence against women.

By wearing women's shoes, participants symbolically put themselves in the place of women for the purpose of raising awareness about the dire effects of sexual violence in our community. Funds raised will help to provide services for survivors of sexual trauma.

Walk the Walk 2022

"You can't really understand another person's experience until you've walked a mile in their shoes."

Walk a Mile in HER Shoes – is a pledge-based, fundraising, and public awareness campaign. The event asks everyone to literally walk one mile in women's high-heeled shoes while the community supports their efforts through pledging funds and joining the walk.

Put Yourself in HER Shoes

Get pumped and register for the Walk a Mile in HER Shoes event! Take the lead this year and register as a Team Captain. Special prizes are available for teams that participate together. It doesn't take much to make an impact. It takes a desire to make a difference, no matter how small.

Your Participation is Important to Us

The fundraising efforts of Walk A Mile in HER Shoes participants allows STAR to deliver prevention and education programs while providing critical services for Survivors. Our long-term goal is to ensure that all Alaskans live free of sexual trauma. With your help, we can make meaningful steps toward achieving that.

All of us at STAR are extremely grateful for everyone who stands (and walks!) with us at this Walk a Mile in Her Shoes® event to raise public awareness about sexual violence, and to support STAR's mission to prevent sexual trauma while providing critical services to survivors. **Thank You.**

ABOUT US

About Walk a Mile in Her Shoes®

Why men in women's high-heeled shoes? We ask men to walk in women's high-heeled shoes to actively confront gender stereotypes and expectations. In this space of playful confrontation and openness, it's possible to reveal and consider many of the underlying causes of men's sexualized violence.

This will be STAR's 10th Annual Walk a Mile in Her Shoes® Event. Each year we raise funds to provide services for people in our community. Together, alongside our participants and supporters, we can make the 2022 Walk the most successful one yet!

FREQUENTLY ASKED QUESTIONS

Q: Can our team make signs and/or our own shirts?

A: Yes! You can make your own signs to carry or have your own shirts. However, staff reserves the right to ask you not to carry or wear anything that is deemed offensive or inappropriate.

Q: Do I have to raise money?

A: While you don't have to, it is encouraged. All the money raised goes to STAR to help provide services to clients as well as prevention and education programs.

Q: Can women participate?

A: Yes! Registration is open to everyone who wants to join us.

Q: What do I do with cash donations or checks?

A: You can send or bring them to the STAR office before the event, or bring them to the Check-In at the walk. If you used a donation form, keep that with the money you raised so donors can be thanked by STAR and receive tax receipts.

Q: What if I have other questions?

A: Call Jennifer Brown at STAR (907) 382-1669 , email jbrown@staralaska.org or like us on Facebook and send us a message.

10 TIPS FOR WALKING IN HEELS

1. Now that you've got altitude, it's important to accessorize your heels with some attitude! Stand tall and poised, shoulders back, chest out, back straight, butt tucked under. Think Marilyn. Monroe, not Manson.
2. While standing still, place weight on heels using toes for balance. Don't wobble. If you start to fall, fall gracefully and roll, shoes in the air. Do not break a heel. Do not take anyone down with you.
3. Walk with feet positioned straight, toes pointed forward. Heels should be vertical to the ground, not horizontal.
4. Walk placing one foot in front of the other with a smooth, even stepping motion beginning at the heel and rolling to the toe. Primarily walk on the balls of your feet, using the heel for balance. Think runway model, not truck driver.
5. Keep legs parallel and close together. It's more stylish and when one leg starts to slide one way and the other the opposite way, you'll have time to recover or get help before having to return to Tip #2 above.
6. Move your hips and swing your arms for balance. Swing your arms. Do not flap them. You cannot fly, though with shoes like these you'll feel like you can soar.
7. Walk with confidence, stay focused, and be mindful of your steps without watching your feet.
8. When climbing stairs, make sure both sole and heel land together firmly and simultaneously on each step. When descending stairs, only the sole of the shoe needs to be planted on each step. Avoid walking up or down any stairs.
9. Avoid walking on ice, slush, mud, grass, sand, gravel, and grated surfaces. When in doubt, take off your heels and carry them, crossing such treacherous surfaces in your bare feet. Dangle both shoes in one hand, hooked to your index and middle finger. Do not clutch them. They are not a football.
10. Stick together. Use a friend as a crutch. Make sure you leave the proper distance between you and your friend in proper bro hug fashion. Once stabilized, use the bro hug double back tap combo to disengage.
