

Scrim. As magical as it is timeless. Yet, as any Scenic Artist can tell you, Scrim can be difficult to handle in the shop. It's fragile, it stretches, and treating and painting it can be a time-, space- and labor-consuming process.

For over 30 years, Big Image Systems has been the world leader in the production of digitally printed images on Sharktooth Scrim for the theatre. By using our one-of-a-kind, proprietary INFINITUS printers, we are also the **ONLY** company that can produce your show scrims on 100 percent cotton, three-thread Sharktooth Scrim, seamlessly, up to 40' x 160.'

The Holiday season is here. 2020 is just around the corner. It's not too late to save valuable shop space and time with:

- **Seamless Scrims** printed with vibrant colors and intricate designs.
- **Expertly finished** to your specifications.
- **Folded and ready to hang** when they arrive.
- **NFPA 701 certified.**

Big Image Systems printed scrims can be enhanced with traditional scenic materials and techniques, saving time, labor and space while allowing your Scenic Artists **make them their own.**

For more information on this and other ways to transform venues using digitally printed graphics on soft materials, visit www.bigimagesystems.com OR contact Olle Lindqvist via phone at 800/626-9816 or by sending an email message to him at info@bigimagesystems.com.
