DPI
Design. Print. Install.

From concept to completion, Big Image Systems can work with you to transform your next corporate or special event from drab to dramatic.

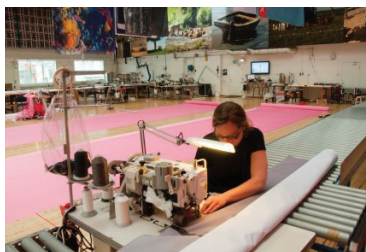

Design

Big Image Systems has a proven track record of helping to create dynamic, immersive environments for corporate events and trade shows. Big Image Systems can integrate your corporate logos and show concepts to create printed elements for the entire event—from the conference and breakout rooms to the networking spaces. We work with you to come up with dynamic, easy-to-install graphic elements.

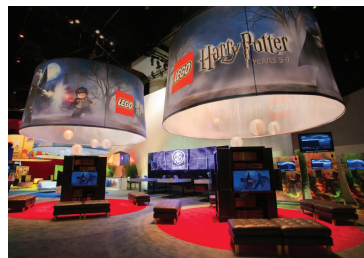

Print

Once your designs are approved, Big Image Systems will produce your graphic elements in our state-of-the-art printshops. With over 30 machines under roof in two locations, Big Image Systems offers Dye Sub, Inkjet and our Infinitus printing from 10 to 40 feet. We also provide the best edge finishing in the business! Let Big Image Systems bring your event elements to life.

Install

When it's showtime Big Image Systems is right there with you. With a range of hardware options including our game changing Kedar And Clamp system, experienced Big Image installers can transform your rooms into immersive environments that get your message and your clients' messages across.

For more information on ways to transform venues using digitally printed graphics on soft materials, visit www.bigimagesystems.com OR contact Olle Lindqvist via phone at 800/626-9816 or by sending an email message to him at info@bigimagesystems.com.
