

This land and the vision for this retreat is offered with love and respect by Ken and Julia Falke. Ken spent 21 years in the U.S. Navy with Julia by his side and settled in 2008 at their home on the mountain, Boulder Crest, their thirteenth home. After sharing their home with many wounded combat veterans and their families between 2009-2011, the Falkes decided to build Boulder Crest Retreat.

The Falkes believe that every member of the military family is a hero, defined as an ordinary person who survives an extraordinary experience and returns to share the wisdom they gain. Ken and Julia hope that all who come here have the chance to make peace with their experiences, so they may share their wisdom and enrich the lives of others.

BOULDER CREST

www.bouldercrest.org

A gravel driveway winds through a grassy field. The driveway starts in the foreground and curves towards the background. The field is green with some scattered rocks. In the background, there are trees with some autumn-colored leaves. The sky is blue with some light clouds.

*Re-shape and
compact existing
road surface to the
barn area from the
maintenance
building*

Apply base asphalt, extending paved road surface to prevent further erosion and maintenance required on the hill area leading from the maintenance building to the barn area.
