

Jennifer Lemmon

Vice President PWCinc.vp@gmail.com

Jennifer Lemmon is currently a National Traffic Management Officer at the Command Center, previously certified National Traffic Management Specialist in the severe weather unit. Prior to her move to the Command Center, Jenn was a Front Line Manager at Houston Intercontinental ATCT. Her air traffic control career began at Orlando International ATCT in 2007 where she achieved being fully certified, held a Plans and Procedures Support Specialist position until she was promoted to Front Line Manager. Prior to her FAA career she worked at US Airways and US Airways Express for approximately 12 years and also served the Allegheny County Airport Authority in Pittsburgh as an Airfield Operations Supervisor for 2 years. Jenn has been an active member of PWC since 2012. She and her daughter Sydney enjoy traveling together and are avid fans of the Pittsburgh Steelers.

Jenn has been a part of the PWC Board of Directors since 2014 when she moved to Houston and was appointed to the Southwest Regional Director position. Jenn was the Southwest Regional Director from September of 2014 until being elected the PWC Vice President in 2018, and recently was re-elected for another term.
