

## Terms and Conditions

### Training Courses – General Terms & Conditions

Please take time to read our terms and conditions as once enrolment to activity has taken place, participants agree to abide by our terms and conditions. Please do not hesitate to contact us in respect of the following information.

#### Scuba Classes:

1.877.SCUBA.USA has been serving NJ's scuba divers since 1996.

Scuba Diving is not typical of a general business which is reflected in some of our store policies.

There are NO REFUNDS on class payments or reservations. Classes can be transferred to another person if you decide not to enroll in a class. However, once you do enroll in a class, we require at least 10 days' notice to transfer to another class/date. At our discretion, there may be a \$25 transfer fee as long as we have at least a 10-day notice.

Any delay of over 30 days to complete your Open Water Certification dives requires a pool refresher to maintain your skill level. If you complete a scuba class but don't certify within six months, you will be required to complete some academic & pool training to bring your diving skills up to standards. See the information below for the cost of this makeup! If it has been 12 months or more, you will be required to complete the class again.

If a student misses a class or pool session for any

reason, you must attend a make-up session prior to the next class/pool meeting. At our discretion, there may be a \$25 per person for a class or pool make-up.

Students are responsible for acquiring all the instructional materials from 1.877.SCUBA.USA and completing all required chapters and the necessary reviews prior to coming to class, per the course description. The course description can be obtained at 1.877.SCUBA.USA, or on the web at [www.1877scubausa.com](http://www.1877scubausa.com)

Scuba Diving is an in-water activity. It is required that all participants have moderate swimming ability and be comfortable in the water.

For your safety and ours, 1.877.SCUBA.USA reserves the right to inspect all your personal equipment being used in the pool or during open water dives PRIOR to starting any class. At the sole discretion of 1.877.SCUBA.USA, any equipment not deemed satisfactory will not be allowed to be used.

Please understand that by not having equipment checked prior to the pool sessions or dives that you may be turned away and required to retake the session and at our discretion there may be an additional fee. A signed waiver for students using their own equipment is required.

Students are responsible for having all medical forms and liability waivers completed prior to coming to their first class. The necessary forms for your class can be obtained at <https://www.1877scubausa.com/forms>
