

August 17, 2021 Communications Committee Meeting

Present: Commissioner Cabral, Jessica Dyszel, Hari Ruiz, Mike Trettel

Meeting held at Scioto Woods Park, 1605 Bendelow Dr. Columbus OH.

Rita started the meeting talking to Mike about the webpage and the mobility survey (results due in the next few weeks from the city) and opportunity to get involved in the planning committee.

Resident resources: Westsciotoarea.com, Nextdoor postings, Facebook.

Started discussion of what resources residents might want in Phase 3 of the Belmont development/Quarry area. Dining and shopping would be very welcome. We still don't have a community center even though there are spaces in the area.

Need to continue to encourage neighbor participation in commission meetings. There is frustration about the need for in person meetings with the increase in COVID cases.

Next meeting will be Monday September 13th, 2021 Scioto Woods Park (weather pending)
