

May 18, 2021 Communications Committee Meeting

Present: Commissioner Cabral, Jessica Dyszel

Meeting started late due to technical difficulties

Primary Topic of Conversation: The city survey looking for input from the area on McKinley-Trabue Corridor (and things like bike paths). Very important to get feedback from area residents and businesses!

Reach out to community contacts to promote the survey. Facebook, webpage, email, twitter. Reach out in person to area businesses. Also, outreach is a good chance to recruit active participants to the area commission. Will be listed in the News section on the website.

Changes to student handbook still needs review and approval by full Commission.

New by-laws. Have they been submitted and approved by the city? If yes then they need to be provided to Communication Committee to be posted to both webpages.

Still missing minutes listed in previous Communications Committee meeting minutes for posting:  
Missing Area Commission Minutes: Nov and Dec 2020 and Jan 2021.

Missing Zoning Committee Minutes: Oct meeting on 9/30/20.

Next meeting Tuesday June 22, 2021 7pm.
