

September 2020 Communications Meeting Minutes

Present: Commissioners Cabral and Cabus, Jessica Dyszel

Missing from the website: July 2020 Zoning minutes, January 2020 Zoning minutes, July 2020 Area Commission Minutes.

Area Survey is coming to close. We don't have a new idea.

Not great turnout for the Vision Zero workshop. However, there were people at the workshop who aren't regularly involved with the commission. So the word is getting out to people. How do we capitalize on people's free time to get involvement? Do we know anyone who is good at posting on Facebook?

Jessica will update the webpage with commissioner information. Need a better format than previous, something that is easier to update.

Commissioners handbook. Need to update the student handbook to full commissioners version.

In general, communications needs help again will getting information out to area residents.

Next meeting is Tuesday October 20th, 7pm.
