

## WSAC Communications Committee June 24<sup>th</sup> 2019 Meeting

7pm Meeting Called to Order

Committee Members Present Cabral, Dyszel

Residents present Brian Endicott (WSAC Commissioner)

First topic of discussion, need for contact people in all neighborhoods. How can we encourage neighborhoods to send someone to meetings on a regular basis? Facebook was a popular selection on the last survey. Nextdoor, can we post more strategically with the help of neighbors? Rita mentioned that we should keep track of neighborhoods that attend meetings.

Brian brought up that the communications for the last Commission meeting were not consistent with Zoning Information and had received feedback that they were perceived as intimidating and biased. Jessica suggested that all posts be either generated by committee chairs or approved by chairs prior to the posting.

Traffic Survey results will be posted online as soon as completed. Write in answer questions are difficult to report in an organized manner but informative.

Need to let area residents know of the City Council meeting where the Wagenbrenner variance will be heard.

Jess will make a word doc stationary for Commissioners to use for minutes and other business.

Need to ask for an update from the city for Neighborhood Pride.

Adjourn

Next meeting July 29<sup>th</sup> 7pm, Scioto Woods Park
