It is exciting to share with you what is happening with the Freedom Centre and the steps we are taking to make the vision a reality. We are so thankful for those who walk alongside us as we move to our end goal. A special thanks to our students Jenni and Casey from Renison and Dalhousie Universities respectively and to the board who commit to regular meetings. We continue to look for new board members who come with the same enthusiasm for the community as well as our veterans. If you are interested in being part of this project please contact me. Also, if you have not done so, please log onto our QR code below and answer a few quick questions that will help us as we journey towards the freedom that the Freedom Centre will provide.

Door to Door Survey

Over several days Freedom Centre volunteers canvassed door to door in our neighbourhood to determine the needs of Ward 3 in Preston by talking with those who reside in the area. It has been incredibly uplifting and informative to go door to door in our community and meet the neighbours. We have been able to introduce some to the Freedom Centre and update others. We have been encouraged by offers to help, give and questions of interest. We were thrilled by the offer of one business to hire our veterans and teach them skills as part of his support of our veterans. We are assimilating all the responses so far. We were also able to see first hand the outcome of two years of isolation and the effect on our senior population. We will be continuing our research with community partners and local businesses with the end result to create a list of services driven by the community and their input. Pray for us as we continue to work on this project.
