

BERKS CATHOLIC HIGH SCHOOL

GOD | FAMILY | ACADEMICS | FUN

*The chart represents school districts where the majority of Berks Catholic students live. Data represents graduates in 2019; the most recent statistics for the State of Pennsylvania. Data Source: Public high school data from Pennsylvania Department of Education website, URL: <http://www.education.pa.gov/Data-and-statistics/>

Dear Saint Families,

While we are certainly proud of the 90% college bound population, the bigger story is how our students get to this point. Centered on our four pillars of God, Family, Academics and Fun Berks Catholic High School is committed to forming and positively impacting each student spiritually, intellectually, socially, physically and emotionally. Our mission is to have our Saints lead productive lives of service and gain eternal life. Berks Catholic provides four years of comprehensive college programming and individualized college planning designed and conducted by dedicated, college admission professionals. Mr. Josh Ditsky and Mr. Mike Piersol have a combined 50 years of college admission experience and have worked at a variety of colleges and universities as undergraduate and graduate admission directors. They utilize their knowledge, expertise, and professional network to provide each Berks Catholic student and family with an educational plan tailored to the individual. Berks Catholic has committed to helping its students and families navigate the increasingly competitive world of college admission, in order to find the most appropriate academic, social, and cultural match for each student. As the Berks Catholic College Counseling Staff says: ***IT'S ALL ABOUT THE FIT!***
